Greece Described As Prey to Conflicting Emotions

EARL KITCHENER'S VISIT

And Conference With King Constantine, and Former's Assurances, is Now Being Weighed Against a Fear of Germany and Bulgaria Now Nearer, in the Balkan Campaign.

(ASSOCIATED PRESS TELEGRAM) Paris, Nov. 22.—The declaration of a commercial blockade of Greece by the entente powers has produced a marked impression in Athens, particularly as it was unexpected. An Athens dispatch to the Petit Journal says the newspaper organs of the Greek government accuse the allies, especially Great Britain, of seeking to drag Greece into the war by harsh measures. These papers assert Greece has given sufficient proof that she intends to maintain the policy of benevolent neutrality and has had no thought of taking hostile steps. However, she cannot permit transference of the theatre of war into her own territory. It is suggested that the measures taken by the allies may result in withdrawal of Greek troops from the frontier or even in partial demobilization.

The section of press which supports former Premier Venizelos accused the government of having brought on, by want of foresight, a conflict with the entente powers. The general feeling however is one of optimism and it is believed serious misunderstandings will be avoided.

GERMANY BELITTLES BLOCKADE OF GREECE

(ASSOCIATED PRESS TELEGRAM) Berlin, Nov. 22.—By wireless to Saville.—The Overseas News Agency characterizes the commercial blockade of Greece by the entente powers as "an act of violence against a small neutral country which intends to maintain neutrality without engaging in intrigues."

The blockade, it says, "agrees exceedingly well with the practice of the entente powers in regard to questions affecting the sovereignty of small nations."

FRENCH MINISTER IN CONFERENCE WITH GREEK AUTHORITIES

(ASSOCIATED PRESS TELEGRAM) Saloniki, Nov. 21, via Paris, Nov. 22.—It is rumored here that the entente allies have decided to carry out the commercial blockade to the extent of establishing a war zone around Greece, and the cutting off of all supplies. Greeks express the hope that no drastic action will be taken.

The Associated Press has learned however that the French authorities unofficially made the strongest representations to the throne respecting the necessity that Greece give assurance of more active co-operation with the allies.

Denys Cochin, French minister without portfolio, who has been conferring with Greek officials has gone to the front.

ONLY MEDICINE TO CURE CONSTANTINE IS THE BLOCKADE

(ASSOCIATED PRESS TELEGRAM) London, Nov. 22.—The informal commercial blockade of Greece is described as "a first installment of the only medicine which can cure King Constantine's affliction," by the Pall Mall Gazette which adds:

"The one argument to which Constantine is amenable is demonstration that the allies are armed with more than amiable and ready and able to punish those who play tricks with them."

"We have seen enough to convince us we can rely upon good faith in that quarter only by exhibiting the punishment which awaits. The blockade is a tardy beginning of that process, of which supplements should be forthcoming without delay."

GREAT VICTORY WON BY SERBIANS OVER BULGARS

(ASSOCIATED PRESS TELEGRAM) Paris, Nov. 22.—The report that the Serbians have won an important victory over the Bulgarians near Leskovats on the Nish-Saloniki railroad 25 miles south of Nish, is corroborated in a dispatch received today from the Serbian minister at Athens. The message says that after a battle of several days in which the Bulgarians sustained enormous losses, the remnants of their army fled in disorder to the eastern bank of the Morava River.

COAL RATE

Case Is Resumed Today Before Public Utilities Commission

EXPERT TAKES THE STAND

To Testify for the Sunday Creek Company

HOCKING VALLEY RATES

Are Too High Upon Interstate Shipments—Railroad Files Answer to the Numerous Complaints That Have Been Made to the State Commission By Shippers.

(ASSOCIATED PRESS TELEGRAM) Columbus, Nov. 22.—Hearings in the coal rate case before the public utilities commission were resumed today with Wm. Hopkins, rate expert on the stand to testify for the Sunday Creek Coal company. He declared his examination of records of the Hocking Valley railway against which the rate complaint is directed particularly showed the intra-state rates on coal are too high. Conway W. Hillman, also a rate expert, was on his way here today from Florida, where he testified in a rate case to resume his testimony. The hearings were suspended several weeks ago.

The Hocking Valley railroad today filed with the utilities commission its answer to the numerous complaints of shippers on alleged overcharges under the old coal rate tariffs. It maintained the commission has no authority to hear these complaints and suggested the shippers should enter suits in court to recover the amounts claimed. The company suggested these suits could be directed against the bond issue by the company when it appealed to the courts from the order of the old railroad commission to reduce rates.

The Wheeling and Lake Erie railroad today answered the complaint of the Pittsburgh Vein operators as association that rates on intra-state coal shipments are excessive. It denied the allegations and asked dismissal of the case.

City officials of Conneaut, Ash-tabula, and Geneva today filed a protest with the public utilities commission's valuation of \$476,000, set for the property of the Northwestern, Ohio oil and gas company. They declared this figure was too high. The company last week protested because it thought the estimate was too low.

OPERATION ON WIFE OF VICE-PRESIDENT

(ASSOCIATED PRESS TELEGRAM) Indianapolis, Ind., Nov. 22.—Mrs. Thomas R. Marshall, wife of the vice president, successfully underwent an abdominal operation at a local hospital today. She was in the surgery more than an hour. At noon it was announced at the hospital that Mrs. Marshall was resting comfortably.

Youth Dies from Injuries Received While Playing in a School Yard Last Monday

Earl William Toulson, 14 years old, a pupil in the sixth grade at Central School, died at 9:10 o'clock Sunday evening at the Newark Sanitarium following injuries received last Monday while playing in the school yard. Dr. D. D. Miller, who attended the lad, believes that the boy's spine was injured, causing his death.

The development of the case was unusual. The injury was received during the recess period, though at the same time no report was made of the accident to the teachers who were in the yard at the time.

According to the report young Toulson made to his mother, who gave her information to Miss Haughey, principal of the Central building, the boy was playing with other lads in the yard, using a basketball. Toulson had the ball and was running with it, when, he said, another player tripped him, causing Toulson to fall against the building.

No report was made to the teachers in charge of the recess hour and the boy continued his studies until Thursday morning when he was compelled to remain at home.

On Monday evening he reported to his mother that he had been hurt while playing in the school yard, but thought he would be all right. Tuesday and Wednesday he suffered some pain but went to school as usual.

Wednesday night, Dr. Miller was called. Upon examination he found indication of an injury to the hip and also to the head. At that time the lad had some slight fever and complained of a headache. Friday, there was no apparent temperature but it returned Friday night and he suffered much pain all night.

Sunday his condition became alarming and Dr. Miller advised his removal to the Sanitarium. He continued to grow worse until death came about 9 o'clock.

The boy is a son of Mr. and Mrs. William Toulson of 225 Wilson.

U. S. IS NOW CREDIT NATION

Washington, Nov. 22.—New high records in the foreign trade of the United States continue to pile up the greatest favorable trade balance the country has ever known. The movement of merchandise and gold shown in figures made public today by the department of commerce discloses how decidedly the United States has been converted from a debtor to a creditor nation.

During the twelve months ending with October, the foreign trade exceeded \$5,000,000,000. Imports were \$1,748,013 and exports \$3,251,986,624, as compared with imports of \$1,880,414,501 and ex-

DOCTOR WAS RIGHT IN LETTING INFANT DIE, SAY PHYSICIANS

Left to right, seated: Dr. Ludwig Hektoen, Dr. H. M. Shridett, Dr. John F. Golden, Dr. A. K. Steele. Standing: Dr. Arthur B. Itankin, Dr. Henry F. Lewis. Health Commissioner John D. Robertson, coroner Hoffman. Six Chicago physicians composing a coroner's jury held that Dr. H. J. Haiselden, who permitted an infant, John Bollinger, to die when an operation might have saved his life of unwhimsicalness as a defective, was morally and ethically justified in refusing to perform the operation which his conscience did not sanction. The six physicians, the coroner and health commissioner who viewed the autopsy on the Bollinger baby are shown above.

Addison L. Rawlings' Trial Begins; Defendant Finds Technical Error in Indictment Causing Postponement

The trial of A. L. Rawlings, indicted on eight counts for forgery, which was to have begun today, was postponed until next Monday, Nov. 20, at 9 o'clock, an error having been found in the indictments which were served on Mr. Rawlings. The postponement was announced by Judge Harry Jewell immediately after the reconvening of court this afternoon. New indictments were served on Rawlings by Sheriff Chas. H. Swank immediately after the court's decision.

The case of the State of Ohio against A. L. Rawlings, former proprietor of the Rawlings music store in this city, who was indicted by the September term of the grand jury on eight indictments for forgery, was called for trial this morning by Judge Harry Jewell of Delaware, who is holding court in this city this week.

There were only a few spectators present but the greater part of the members of the legal profession in the city were in the court room, having remained after Judge Jewell had re-assigned a number of cases.

Mr. Rawlings was present with his attorneys, Hon. W. D. Fulton of this city, and Wm. M. Koons of Mt. Vernon. The state was represented by prosecutor J. W. Horner and with him at the trial table were Attorneys A. A. Stasel and J. Howard Jones.

Mr. Stasel represents claims held by Harry Swisher against Rawlings and J. Howard Jones represents the Cincinnati Discount Company. Attorney Fulton moved the court for a continuance of the case on the ground that A. N. Page is a material witness for him, without whose testimony and for want thereof defendant could not safely proceed to trial.

The affidavit recited that at the time of the prosecutions brought against defendant the said A. N. Page was a resident of Chicago, Ill., but after the return of the indictments defendant made diligent effort to ascertain the whereabouts of the said A. N. Page, but was unable to locate him; that since the case has been assigned for trial defendant has renewed his efforts to locate said Page but so far has been unsuccessful. The court overruled the motion for a continuance.

Counsel for defendant then objected to proceeding to trial on the ground that the copy of the indictment served stated that the offense was committed May 23, 1915, whereas the original indictment as returned by the grand jury states the offense to have been committed on May 23, 1912. The statute was cited to the court providing that a defendant shall not be arraigned or called to answer to an indictment until one day has elapsed after receiving or having an opportunity to receive in person, or by attorney, a copy of such indictment.

Defendant's counsel argued to the court that this statute was an expression of the common law, and the natural law of right of every defendant to demand the nature and cause of the accusation against him.

Pending a decision of the questions raised, the court took a recess until 1 o'clock. It will be remembered that Addison L. Rawlings disappeared several months ago and later returned to this city after receivers had been appointed for his music store in North Park Place, and he was arrested on a charge of forgery. He had his hearing before Mayor Bigbee and was released on a bond of \$6000. He was re-arrested Thursday, Aug. 12, on warrants issued by Justice Fletcher S. Scott, charging forgery in more than 100 cases.

The affidavits were filed by a representative of the Cincinnati Securities Co., the amount involved being alleged to be \$40,000. Justice Scott fixed Rawlings' bond at \$50,000, and his attorneys claiming that it was excessive took the question of bond before Judge Jewell, who reduced it to \$15,000, which with the bond required in the mayor's court, made a total of \$21,000.

Mr. Rawlings was able to secure the bond, was released from the sheriff's custody and since that time has been living with his family in West Church street.

ERUPTION MORE SERIOUS; PEOPLE PANIC-STRICKEN

(ASSOCIATED PRESS TELEGRAM) Palermo, Nov. 21, via Paris, Nov. 22.—The eruption of Stromboli volcano is assuming serious proportions, and the population of the island is fleeing to places of safety. The sides of the volcano are cracking and streams of lava are flowing into the sea raising immense columns of smoke which are visible at a distance of forty miles.

Trombini is the northeastern-most of the Lipari Islands in the Mediterranean off the north coast of Sicily. The volcano, of which the island is mainly composed, is remarkable in that it is virtually perpetually active, having been in this condition for the better part of two thousand years.

PRESIDENT WILL ESTIMATE COST, IN HIS MESSAGE

(ASSOCIATED PRESS TELEGRAM) Washington, Nov. 22.—President Wilson will indicate in his annual message to congress which he is now writing, in his opinion, the money necessary to provide for national defense, as proposed by the administration may be raised.

This was indicated as the result of last night's conference between the President and Representative Fitzgerald of New York, chairman of the house appropriations committee, in dealing with the question called attention to the fact that the President was authorized to do so by congress.

Some of the President's advisers, however, have told him that inasmuch as the house has sole authority to originate revenue legislation he ought not appear to usurp that power. A number of Democratic leaders in congress, including Mr. Fitzgerald and Senator Underwood, are opposed to a bond issue to provide for the defense plans because such expenditure would have to be continued from year to year.

GERMANS REPORT LITTLE ACTIVITY ON TWO FRONTS

(ASSOCIATED PRESS TELEGRAM) Berlin, Nov. 22.—Via London.—Little activity on either the Russian front or in France and Belgium is reported by German army headquarters in today's official statement. It is announced that the Russians were driven back when the made an advance near Blonkist in the Livonia region.

Only minor engagements took place along the western line. Activity of the French military arm between the Meuse and the Moselle in the Luxembourg district and east of Lunenburg is mentioned.

Evidence of Plots to Prevent Munitions from Going to Allies "Mountain-High," Say Officials

(ASSOCIATED PRESS TELEGRAM) New York, Nov. 22.—All the evidence gathered by agents of the United States government bearing on plots to prevent war munitions from reaching the entente allies will be submitted to the federal grand jury within a short time, probably this week. It is understood that when the presentation is complete a blanket indictment will be asked against all the persons shown to be involved, except such as may be exempted under the law.

The mass of evidence collected is described by federal officials "as mountain-high." It is the result of more than a year's work. It involves scores of persons operating, it is charged, as an organization the direction of which was in the hands of a few men. The federal district attorney and his assistants have been directed that every charge and suspicion must be substantiated before taking action. As a result no evidence will be presented to the grand jury that lacks verification in any essential detail.

It is asserted that directors of the alleged conspirators controlled a German fund of \$40,000,000. Contributions to this fund have been the subject of government inquiry. The evidence now virtually ready for the consideration of the grand jury is understood to cover the whole field of foreign criminal activity in America in the traffic in fraudulent passports plots to blow up steamships carrying war munitions to the allies, fires and explosions in munition plants, efforts to foment strikes in those plants, attempts to make Teutonic workers go on strike, and espionage.

BRITISH SEIZE AMERICAN SHIP

(ASSOCIATED PRESS TELEGRAM) Cincinnati, Nov. 22.—"If the Genesee has German capital invested in her I do not blame the British for seizing the ship because war is war. But if the Genesee was a strictly American boat flying the American flag, I think the United States, if necessary, ought to send warships down to St. Louis, to cut the Genesee loose and send her on to her destination at Montevideo."

This statement was made today by C. G. Blake, president of the C. G. Blake Coal company of this city. News had been received that the Genesee laden with a cargo of 3,800 tons of coal from this Cincinnati company, was seized by a British cruiser and taken with a prize crew on board into the British harbor St. Lucia, in the West Indies.

"Whether any German capital was invested in the Genesee, I do not know," continued Mr. Blake.

DIPLOMACY WILL NOT BE INVOKED IN GENESSEE COAL.

Washington, Nov. 22.—British seizures of vessels of the American trans-Atlantic company's fleet, all of which recently were transferred to the American flag from foreign registry, probably will not become the subject of diplomatic negotiations after the cases have passed through a prize court. The charge that German capital is in the company has been denied.

VERONA NOW IS SAFELY OUT OF MEDITERRANEAN

(ASSOCIATED PRESS TELEGRAM) London, Nov. 22.—The Italian liner Verona, from Italian ports for New York, which on Saturday reported by wireless that she was being pursued by a submarine and afterwards that she had eluded the undersea craft in a fog, is now safely out of the Mediterranean. Word was received here that she passed through the straits of Gibraltar today on her westward voyage.

BLOCKADE

Of Greece Said to Have Been Determined Upon by Entente Allies

COMMERCIAL IN ITS INTENTS

Cutting Country Off From All Its Supplies

ACTIVE CO-OPERATION

Has Been Insisted Upon, and the Strongest Representations Have Been Put Forth to the Greek Ruler That This Must Be Forthcoming to Avoid Drastic Measures.

(ASSOCIATED PRESS TELEGRAM) London, Nov. 22.—The rumors of last week that the entente allies had determined to compel Greece to repudiate all hints that she might interfere with the passage of allied troops across her territory have been substantiated by the inauguration of a pacific blockade. This measure is expected to elicit an immediate declaration from the Greek government, defending its intentions clearly without further hesitation and ambiguity.

Some dispatches from Athens go so far as to say this already has been attained as a result of Earl Kitchener's conference with King Constantine and that the earl received assurances of a satisfactory nature. The British government, however, has not yet intimated that Greece has complied to the demands of the allies.

Greece is described as prey of conflicting emotions—fear of Germany, whose military successes have brought the Balkan war theatre nearer, and the natural sympathy for the cause of the allies—defeating opposite paths out of her present difficult neutrality. Some Greek newspapers regard the blockade of Greece as a violation of international law. It has caused a profound impression upon which immediate action is predicted. For the time being military operations in southern Serbia have almost been suspended. This is regarded in England as an encouraging sign for the Serbians and their allies, in view of the fact that a few days ago a Bulgarian advance from Pripet to Monastir appeared certain.

NEWSPAPER IS SUSPENDED BY LONDON POLICE

(ASSOCIATED PRESS TELEGRAM) London, Nov. 22.—The Globe, which was suspended by the police on November 6, for insisting war secretary Kitchener had resigned notwithstanding the warning of the official press bureau, resumed publication today. It contains correspondence between the proprietors of the newspaper and governmental authorities concerning the suspension, closing with an apology from the Globe, and withdrawal of its "regrettable" mistatement.

ADRIATIC IS SAFE.

(ASSOCIATED PRESS TELEGRAM) Philadelphia, Nov. 22.—The British freight steamer Adriatic, from Kymassi, Greece, October 13, for Philadelphia passed in the Delaware capes during the night and will dock here today. The Adriatic arrival eliminates her from the report circulated a week ago today that a steamer by that name had been sunk in the European war zone by a submarine.

GREAT DEMAND FOR COINS.

(ASSOCIATED PRESS TELEGRAM) Philadelphia, Nov. 22.—An unprecedented demand for coins with which to make up the payrolls of munitions plants and other industrial plants has kept the employees of the Philadelphia mint working overtime for the past six weeks. Supt. Joyce today estimated the output at \$600,000 a day.

LAST MEXICAN VETERAN IN ST. LOUIS, IS DEAD

(ASSOCIATED PRESS TELEGRAM) St. Louis, Mo., Nov. 22.—Michael McEnnis, 89, only Mexican war veteran in St. Louis, oldest living alumnus of St. Louis University and former president of the Merchants Exchange, died here yesterday.

GERMANY HAS MADE OFFERS TO ROUMANIA

(ASSOCIATED PRESS TELEGRAM) Rome, Nov. 22.—Germany and Austria-Hungary are understood to be asking Rumania to preserve her neutrality and at the same time offering certain concessions to her if she will intervene in the war on the side of the central powers according to information received here today from reliable sources.

IMPRISONED

FOR TWELVE YEARS BY FATHER AND STEP-MOTHER IN THEIR HOME.

Young Woman Now 28 Years of Age, Speaks First Word Since Last Friday.

(ASSOCIATED PRESS TELEGRAM) Easton, Md., Nov. 22.—Grace Marshall, the young woman whose father and step-mother are charged with having imprisoned in their home near St. Michaels for nearly 12 years, spoke today for the first time since her liberation last Friday. She asked for an apple she saw on the table of her room in her aunt's home where she is under the care of a physician. Miss Marshall was imprisoned, it is alleged, after attempting to elope at the age of 16, with a man of whom her father disapproved. Relatives thought her dead.

Marshall said he considered the girl crazy and that as he could not afford to send her to an institution, he thought the only thing to do was to lock her up in her room. When released she weighed but 57 pounds. Marshall is said to have admitted that the woman's step-mother was the only person who had seen her during the last three years.

The representatives of the local Children's Aid Society through whose instrumentality Miss Marshall was liberated, were expected to lay the case before the state's attorney today.

States Attorney Butler said he would not take any action until he was satisfied that he was in possession of all the facts in the case and was sure of the law that covered it.

ROAD IMPASSABLE
FOR AUTOMOBILES
FOR HALF A MILE

The National Road will be opened the latter part of this week between Linnville and Zanesville. This will give a straight stretch of concrete road from Zanesville to Hebron. At the present time there is a little over a half mile of the concrete closed to traffic between Grant and Brownsville. The road along the side of the closed space is impassable for automobiles and during the past few days hundreds of them have been forced to back up and retrace their route. However, it will only be a few days until this trouble will have been eliminated.

Methodist Church
North, Now Reports
Four Million Members

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 22.—The membership of the Methodist church in the north now numbers 4,023,123, according to official statistics issued today. The net increase in membership last year was 164,000. The report shows that Methodism is losing membership slowly in New England, losing its own in the New York district and growing most rapidly in Philadelphia, Chicago, Omaha and Minneapolis.

The Methodist church now has 4,497,000 Sunday school children, a gain last year of 313,000 the largest increase in its history. There are 36,000 Methodist ministers. Methodist property in the United States is worth \$227,341,000.

Owing to its antiseptic properties, 20 Mule Team Powdered Boric cannot be too highly recommended for liberal use in the care of the person wherever and whenever exposed to any contagious disease. It may be applied as a powder or with water as a solution.

It may be used with absolute freedom and safety in all the natural cavities of the body; physicians almost always prescribe it as an eye water, mouth wash, etc., and wherever introduced the antiseptic action is certain, but there is no danger from its use as there is with some other disinfectants. Insist upon having the original package of 20 Mule Team Powdered Boric and then you know that you have the real article full strength. All leading druggists.

\$21,161 DAMAGE
SUIT IS FILED;
—STRUCK BY AUTO

Frank Gorey today filed a petition in common pleas court asking that he be awarded damage in the sum of \$21,161.25 against Marie C. Clark for injuries which he sustained when the defendant's car collided with a motorcycle which plaintiff was riding on the evening of June 28, 1914, on the Granville and Columbus road.

The petition recites that James Nelson Black was operating an automobile on the above date owned by the defendant, and with her permission, defendant also being an occupant of the car, that plaintiff was riding along the road about 8:30 o'clock in the evening at the rate of about fifteen miles per hour; that he had a pre-lite on the front of his motorcycle; that defendant's car struck his machine and threw him about fifteen feet to the ground, breaking his left leg below the knee and his left arm below the elbow, that his right thumb was broken and that he was badly bruised on the right side and also the back of his head.

The petition further alleges that as a result of the injuries which he sustained his left leg had to be amputated, that his nervous system has been shocked and his general health impaired and that he will always be incapacitated from doing any work.

The James Nelson Black mentioned in the petition is said to be the son of a well known Columbus jurist.

COVERED BRIDGE
BEING REBUILT
AT CLAY LICK

Contractor Frank Swartz of this city with a force of men began rebuilding the old covered bridge which crosses the Licking river at Clay Lick. The west end of the bridge, which is 256 feet long was damaged by the spring floods and a part of it was carried away. The east end of the bridge is still in good state of preservation.

County Commissioners Jos. H. Orr, Frank Dumm and Orville Kiger in a recent inspection of the bridge found it in a good state of preservation and believe that it will stand for many years. After leaving the contract they instructed the contractor to rush the work to an early completion and this will be done by Mr. Swartz.

AUTOS CRASH
IN ACCIDENT
AT GRANVILLE

JOSEPH CORNELL AND FAMILY
OF JOHNSTOWN, SUSTAIN
PAINFUL INJURIES

In Collision With Another Automobile From Columbus, Attempting to Pass Two Wagons.

Granville, Nov. 22.—The long expected at length happened Saturday evening about 4:30 o'clock when two automobiles collided at the turn of Broadway around Parnassus on the Newark road. Mr. Joseph Cornell of Johnstown, accompanied by his family, was driving home from Newark, when at the bend of the road which, at that point rises in a pretty stiff grade, he met two large wagons filled with picknickers. He kept to the right as the law directs, besides slowing down as prudence dictated, when from the west another automobile rapidly approached bound for Newark. The driver, not realizing that there were two big wagons instead of one, and unable to see the machine ahead, turned to the left to pass the wagons. The road is not wide enough for three vehicles abreast, and the smash which followed was inevitable. In the head-on collision Mr. Cornell was flung with great violence across the steering wheel and so great was the force of the impact that the rod was twisted in such a way as to fasten him under it. Several of the students who ran to assist, worked with a will to extricate him from his painful and dangerous plight. His son, Mr. Ernest Cornell, who after his graduation from Denison university, became secretary for Congressman W. A. Ashbrook, was badly bruised about the face and chest and his wife also received painful though not serious bruises. They all were taken to the office of Dr. Thompson on West Broadway, where they awaited the automobile from Johnstown which had been summoned to take them to their home. It was thought that Mr. Cornell's injuries consisted of four broken ribs, besides other lesser injuries. The other machine was a seven passenger Vellie driven by Mr. R. D. Simpson of Columbus, who, with four others, all ladies, was bound for Newark. The car was badly damaged but it is said that the occupants escaped serious injury. Both cars are laid up for repairs in Tom Davis's garage. This accident which might have had a fatal termination, cries aloud for

adequate danger signals at this point. Not only does the road curve sharply, but the interurban railroad crosses it, and strangers to the locality should have fair warning of the fact before reaching the turn, especially from the west.

The Denison men and Shepardson girls who remain in Granville during the Thanksgiving recess, will enjoy an informal party in the trophy room of Cleveland hall on Thanksgiving afternoon from 8 to 4 o'clock. Following the festivities a matinee performance of the "Ladies Speak at Last" will be given in Recital hall by a competent cast, to which students, faculty and friends of the institution are cordially invited. Those presenting this bright and witty play are Mrs. J. E. McGraw, Mrs. James Finley, Mrs. Freeman Chrysler, and Miss Lilybell Setton. No fee will be taken.

Mrs. B. I. Jones gave a charmingly appointed dinner yesterday afternoon at her home in West Broadway at which covers were laid for Dr. and Mrs. Bruce Lindsay of Columbus; Mr. and Mrs. George B. Jones; Mr. and Mrs. E. J. Dorsey; Miss Belle Grove Wright and the hostess. The men and girls of the sophomore class of Denison university enjoyed a "bacon hat" at the Price farm in the Welsh Hills, Saturday morning. Three large hay wagons conveyed the party which numbered about 60.

Mr. and Mrs. William Geach of Columbus, motored to Granville Saturday, where they are guests at the home of their brother and sister, Mr. and Mrs. Walter Thompson, in Centerville street. Mrs. William Coran of Burlington, Ia., formerly known by many Granville residents as Miss Lulu Cook, is also a guest at the Thompson home.

Mr. and Mrs. Fred Seymour enjoyed a resume of the program given by the Women's Music Club on Wednesday afternoon at their home in Plum street Sunday afternoon.

For the benefit of Mr. Seymour, who was greatly interested in the music, almost the entire program was given. Mrs. White reading her paper and giving the same performers: Mrs. Seymour, Mrs. Rohrer, Mrs. Ullman, Mrs. Eschman, Mrs. Stickney and Mrs. J. D. Thompson. It was a gracious thing to do for a shut-in and was greatly appreciated by the family.

On Saturday evening at the executive mansion on College Hill, President and Mrs. C. W. Chamberlain entertained a few friends at dinner, complimenting Mrs. Charles Herrick, of Chicago. Covers were laid for: Dr. and Mrs. Chamberlain, Mrs. Herrick, Mrs. Newton Brumback of Colorado Springs; Mrs. Susan T. Bawden, Rev. and Mrs. T. G. Field, Prof. and Mrs. M. E. Stickney and Dr. G. F. McKibbin. The funeral of Mrs. Elizabeth Todd Halliwell home in South Pearl street, Rev. Otto Gieson of the Methodist church officiating. Mrs. Halliwell, who was in the 85th year of her age, died on Saturday morning at 4 o'clock, after an illness of two weeks' duration. She is survived by two daughters, Mrs. Shatzler of Columbus, and Mrs. Emma Blanchard, of Granville, who had made her home with her mother. Interment was made in Maple Grove cemetery.

Even on the road to Success some men can't keep out of the ruts.

In Milady's Boudoir

By Gwen Sears

The wearing of a hat is a gift and there are many women who know by instinct the exact angle that a hat should be tilted. They know the precise line of hat and hair to give the best effect. But there are very many other women who have not studied the art of choosing and wearing their headgear effectively.

To choose a hat successfully, consider your imperfections, then buy a hat to lesson rather than to aggravate them. If your face is long you should not wear a hat that is high, especially in front. Neither should you have your hat trimmed with upstanding feathers and flowers. You need a hat that is soft and low to the head, something that gives width to your face, trimmed so that the lines run outward. If your face is broad you should not wear a small, closely fitting hat, for it emphasizes the size of your face.

Tall women, as a rule, should avoid tiny hats, even if they are extremely fashionable. The general trouble lies in the fact that most women refuse to see the need for slight alteration and insist on having actual copies of any style they think is being worn.

Be wise enough not to wear a tiny hat if you are tall or a picture hat if you are tiny. Get something that hits the happy medium and wear it at the correct angle to suit your face. There is something dowdy and unsuited in any hat worn perfectly straight. Even the simplest sailor gains smartness if it is tilted just the least little bit and worn over the eyes at a correct angle.

Your Boys and Girls

Don't let your children get into the habit of slovenly speech. Take pains to encourage them to say just what they really mean in the most expressive words that can be found. When they tell you what they have seen and done during the day, praise the one who tells her little tale most simply and clearly, with all the facts in the right order.

When a glaring unsuitable word is used, take the chance to speak about it and suggest a better one. There will be no need to nag at the children on such points as these, as they will be only too glad to learn if they have the chance.

It is by no means uncommon to hear a child singing to himself over his play, or shouting as he runs about the garden, and to discover that his songs or shouts consist of nothing but some uncomprehended words, which he has picked up for the mere joy of rolling syllables.

THE SICK

Mrs. G. M. Jones, 31 North avenue, who has been ill for some time, was slightly improved this morning. Mrs. Arthur Helsor, who has been a patient at the city hospital, was removed Sunday in the Bradley ambulance to her home, two miles west of Alexandria.

EVERY THREE MINUTES
ONE DIES IN THE U. S.

The Anti-Tuberculosis Society illustrates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberculosis—and none are immune.

During changing seasons, or after sickness, blood-quality is most important, and if you and your family will take Scott's Emulsion after meals it will charge your blood with health-sustaining richness, quicken circulation, and strengthen both lungs and throat. Scott's is free from alcohol—easy to take—it cannot harm. Get a bottle to-day. Scott & Bowne, Bloomfield, N. J.

Every Day Etiquette

"When a young man is much interested in a girl and their mothers have never met, who should make the first advances, his or her mother?" asked Joe.
"It could be very properly brought about by the young lady's mother inviting the young man and his mother to tea some day," suggested his sister.

at his home. It also honored Miss Claire Geach and her guest, Miss Lettie Willerton of Bellaire. The favors were yellow chrysanthemums and covers were laid for ten.

On Friday evening Miss Ruth Schaller at her home in South Sixth street entertained in honor of her sister Agnes' birthday anniversary. The evening was delightfully spent in music and games and contests, prizes being awarded to Misses Sutly and Wells. Dainty refreshments were served to the following girls: Misses Kathrine McGonagle, Louise Schaller, Genevieve Deedim, Francis Winchur, Genevieve Guthrie, Ruth Bader, Ann Gutria, Margaret Bader, Helen Carr, Mabel Mercer, Mary Wells, Martha Friel, Goldie Sutly, Irene Winters, Marie McManus, Agnes Schaller and Ruth Schaller.

Nell-Baker.
A very pretty wedding was solemnized at the Fifth Street Baptist church on Sunday morning just at the close of the morning service when Mr. Herbert Nell and Miss Mabel Baker were united in marriage.

The wedding march was played at the conclusion of the sermon and the bride party was preceded up the aisle by the six ushers. The bride was gowned in a tailored suit of blue silk poplin with a blue hat with fur trimmings. Her bouquet was corsage arrangements of white roses. She was attended by Miss Maud Sanford, while the bridegroom's best man was Mr. Walter Baker.

The beautiful ring ceremony was read by Rev. Charles Stull, pastor of the church, and as the party left the altar the bride was presented with a beautiful bouquet of red roses as a gift from the congregation.

A wedding dinner was served at the bride's home in West Orchard street, the table being arranged in pink and white, the centerpieces being pink floral basket. About forty guests were present at the dinner.

Mr. and Mrs. Nell will be at home at 156 West Orchard street. The bride is the daughter of Mr. and Mrs. C. W. Baker of Orchard street while the bridegroom is employed as a pressman by the American Tribune company.

Obituary

Mrs. Elizabeth McCann.
Mrs. Elizabeth McCann, aged 88, a lifelong resident of the Frazesburg vicinity, died Saturday night at the home, two miles southeast of Frazesburg, after an illness of heart trouble of only four days' duration. Four children, Miss Mary of the home, Arthur McCann and Mrs. Frank Pryor, who lives near the home, and Mrs. Emma Mears of Hanover, survive. Mrs. McCann had been a lifelong member of the Muskingum Township Presbyterian church.

The funeral will be held at 10:30 o'clock Tuesday morning at the home, Rev. McLeod officiating, and burial will be made in the Muskingum Presbyterian cemetery.

Mrs. Sarah Jane Brooks.
Mrs. Sarah Jane (Parks) Brooks, widow of Hiram Brooks, died Saturday night at 11:15 o'clock at the City Hospital where she has been a patient for the past eight weeks. Her death was due to infirmities.

Mrs. Brooks was born in Plain township, Franklin county, March 30, 1834, and was 81 years old at the time of her death. She was married to Mr. Brooks September 14, 1853, at Columbia Center, Licking county. Mr. Brooks died April 30, 1913.

Mrs. Brooks is survived by two sons, L. J. Brooks of Columbus, and S. D. Brooks of this city, two sisters, Mrs. A. Mead of Columbus, and Mrs. Louis Whitehead of Newark. Four grand children, Mrs. George Cabbage of Albany, O., William Dickerson of Canton, Mrs. Earl Bevelhymor of Columbus, and Mrs. Earl D. Allen of Newark also survive. There are four great grandchildren.

Funeral services will be held Tuesday afternoon at 1:30 o'clock at the home of her son, S. D. Brooks, 315 Buckingham street, Rev. L. C. Sparks officiating. Burial at Cedar Hill cemetery.

Mrs. Ella Wintermute.
Mrs. Ella Nora Wintermute, youngest daughter of John D. and Mary P. Nash, and who was the last surviving member of this family, died Monday morning at 4:30 o'clock at her home in McKinley avenue after an illness of several weeks of diabetes. A few days before her death, Mrs. Wintermute wrote an obituary notice, leaving blank the day and hour of her death and the time of the funeral.

Mrs. Wintermute was born and reared at Utica. She was united in marriage to Isaac Melvin Frye on March 1, 1873. To this union were born five children. Two of the children and the husband preceded her in death. She was later united in marriage to Perry Wintermute, who with three children by the former marriage, William and Phila Frye of Newark, and Mrs. B. A. Wilson of Lewisburg, Pa. survive. She also leaves one grandchild, Oneta May Frye; and a stepdaughter, Mrs. Zella Fleming of this county.

She united with the M. E. church at Utica in her early girlhood, but upon her removal to Newark she united with United Brethren church in East Newark.

Funeral services will be held Wednesday afternoon at 1 o'clock at the East Main Street U. B. church, Rev. A. E. Cox officiating. Burial at Utica.

(Utica papers please copy.)

Funeral of Frederick Schimpf.
The funeral of Frederick Schimpf, son of Mrs. John Schimpf was held at St. Francis de Sales church on Sunday afternoon at 2:30 o'clock and interment was made in Mt. Calvary cemetery.

Lewis G. Spellman.
Lewis G. Spellman was born in McKean township, Licking county, Ohio, March 6, 1829, and departed this life at his residence at Newark, Ohio, Thursday, November 25, 1915, aged 76 years, 8 months and 19 days.

He was married to Miss Abby A. Wheeler, November 27, 1867 and as the result of this union, five children were born as follows: Harry F., who died in 1906; the others who survive are Mrs. Retta Moran, who resided with her father; Mrs. A. B. Gossnell, of Columbus, Ohio; Miss Carrie L., of Columbus, Ohio; Mrs. W. E. McCurdy, of Johnstown, Ohio.

Four grandchildren also survive, viz: Oleta Spellman, Lewis Spellman, junior, Dorothy Moran and Wendell Gossnell.

On April 19, 1877, Mrs. Spellman died and Mr. Spellman again married December 31, 1890, to Miss Julia F. Wheeler, who died June 28, 1906.

In 1895 he removed to Newark, Ohio, and the following year united with the First Presbyterian church, of which he remained a loyal and conscientious member until his death.

CAR STRIKES AUTO TRUCK.
The delivery truck for the R. H. Hartshorn grocery, 201 North Fourth street was struck by a North Fourth street car at noon today. Mr. Hartshorn was driving the Ford truck, when in attempting to turn around he turned in front of the car. The machine was carried about fifteen feet before the motorman could stop the car. The only damage done however, was a broken hub cap, and a damaged tool box.

Love occasionally dies a lingering death, but its funeral is more often due to heart failure.

PARENTS AND DOCTORS MUST REPORT CASES

With numerous cases of scarlet fever, diphtheria, small pox and chicken pox in towns around Newark, Health Officer Knauss is making an effort to avoid an outbreak of these diseases in Newark. To this end he asks parents, doctors and school teachers to report promptly to the health office any suspicious cases which might develop into either of the four diseases mentioned. There are numerous cases of chicken pox in the city now and as rapidly as these cases are reported, the homes are quarantined.

The law requires that all contagious diseases be reported immediately to the health department and while the law is pretty generally observed by most physicians, some of them have neglected to make such reports.

"This is the last warning before causing the arrest of parents and physicians who violate this law," said Dr. Knauss this morning. "If Newark is to be kept free from dangerous epidemics, there must be a rigid enforcement of the quarantine regulations," he added.

TOLEDO COMPANY DENIES REPORT OF BIG FIRE DAMAGE

(ASSOCIATED PRESS TELEGRAM)
Toledo, Nov. 20.—Officials of the Toledo Machine and Tool Company today denied emphatically that a fire in their plant on November 25, had caused a loss of \$100,000 and that the company has been manufacturing war munitions as was stated in a report of the occurrence of that date. The company authorities said the loss was only about \$500 and that the report they had been filling war contracts was absolutely untrue.

SEND BIRTHDAY CARDS.
James Williams, the well known mail carrier, received a card from his cousin Mrs. S. E. Roebuck today reminding him that she will be 80 years of age. The message is in this form: "I hope that my friends will remember that I am out here in the cold and that on the 4th of December I expect to be 80 years old. (Birthday cards in order) (Mrs.) S. E. Roebuck, Whitefish, Montana."

TO RUN-DOWN OLD FOLKS—GREETING
Welcome Message on Nerv-Worth Merits.

If you have been reading the local Nerv-Worth endorsements printed daily in these columns you must have been impressed by the large number of aged folks referred to therein. Many have been so impressed wherever this wonderful tonic has been introduced. There is no longer the slightest doubt that Nerv-Worth is worth its weight in gold in restoring nerve-strength to the old folks. In doing that it restores other greatly needed physical power and comfort.

Are you passing through the sixties, seventies or even the eighties with impaired nerves? If so you are bearing the burdens of indigestion, dizziness, nervousness, sleeplessness, weakness, sick and nervous headaches, pains in chest, side, back of head. Perhaps you suffer with a few of these or all of them. Perhaps, because of your nervous ailments, your whole system is run down.

Don't let it stay down. Ask Druggist T. J. Evans, who has sold thousands of bottles of Nerv-Worth, about its merits. You can bank on what he says.

Fresh Salmon Dinner.

Fletcher S. Scott Saturday received a fresh salmon which had been expressed to him from Portland, Oregon. The fish weighed ten pounds and was served Sunday evening to Mr. Scott and a number of his friends, one of the latter imparting the information that it was rumored that the genial justice was giving the little dinner in honor of his approaching nuptials to a young woman residing out of town, but this however, was denied by the host, that is that the young lady resided out of town.

Newark and Zanesville.

The Zanesville Times-Recorder prints the Advocate's editorial of Saturday under the heading "Close Neighbors, Old Time Rivals, Now Good Friends" and says that the Advocate accurately voiced the sentiment of Zanesville people as well as that of Newark people.

Mayor Resumes Duties.

Mayor R. C. Bigbee returned Sunday night after a two weeks' visit in Richmond, Va. While absent, the mayor visited the new town, Hopeville, established at City Point near St. Petersburg, where there have been established large powder factories making explosives for the allies. This town has a population of 35,000 people, and a few months ago the site was bare of any buildings. Eight or ten trains a day carry employees to the city who can not find accommodations there. The factories run day and night, using three shifts of eight hours each. Mayor Bigbee resumed his duties this morning sitting in police court. Justice D. M. Jones acted as police magistrate during Mayor Bigbee's absence.

In Police Court.

Six drunks greeted Mayor Bigbee upon his return to duty Monday morning and fines of \$5 and costs were assessed in each case. Two charged with petit larceny were fined \$1 and costs each.

Returns to Work.

Mr. Fred Waddock, who has been employed in Columbus, returned to Newark today and took up his duties at Stewart Brothers & Alward company.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

CLEANS THE LITTLE LIVER AND BOWELS AND THEY GET WELL QUICK.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

Madison Grange Meeting.

Madison Grange will meet Thursday, December 2. As there is much important business to attend to all members are urged to be present.

Provisions Stolen.

On Saturday evening while the machine of Leroy Dowd was standing in front of his place of business in West Main street, a large amount of meat and provisions which were in the rear of the machine were stolen.

Takes New Position.

Dudley Miller has taken a position as clerk with the Sperry & Harris Furniture company. Chas. Harris who has been with the company in that capacity, has returned to his duties at the Newark Telephone company.

Condition Is Not Encouraging.

The condition of Miss Florence Staib, who was badly injured when she was knocked down by a highwayman in Columbus a week ago Saturday night is not very satisfactory. Miss Staib is a sister of Mrs. Joseph Bader of North Sixth street. She was badly injured about the face, where the man struck her.

LYNCHING

(Continued from Page 2.)

buggy were standing. A neighbor of Willey's said he had heard several automobiles speed past the house about midnight and also heard several shots.

The threatening letters received by Willey are the only clew to the identity of the lynchmen in the hands of the authorities. Posses were organized and are searching the country for miles around.

Coroner Stickler, of Hoytsville, stated tonight that he would be unable to give a verdict until Thursday.

Wood county officials were busy today seeking evidence as to how John H. Willey, recently tried for the murder of Mrs. Eva Kimble, his grandmother, came to his death by hanging on a farm near his home four miles from here yesterday.

Some officials called the case suicide while others refused to commit themselves and admitted today that there was some basis for the belief expressed by Willey's attorneys that he had been lynched. Sheriff Skibbie investigated a report that several citizens of the vicinity had "ducked" and found this to be untrue. He could find no trace of any mob which had been reported as having been heard shooting from the vicinity. Willey was hanging from a noose made from the sash cord of a window.

Officials are trying to trace this cord in the hope of unraveling the mystery. B. F. James, of Bowling Green, Willey's principal counsel said today, "Willey never intended any intention to commit suicide," and that he had received threatening letters following the verdict of "guilty of assault," returned by the jury in the Kimble murder case. This verdict had been set aside by the court and Willey was free on bond pending retrial. James said he would submit evidence to the coroner at the inquest to show that Willey was lynched. He claimed Willey's hands had been bound and his hat was found some distance from his body. He also says Willey's horse and buggy were found loose a mile and a half from the scene.

Sheriff Skibbie says Willey's hands were not tied. Willey had been in Bowling Green to see James and was on his way home when he met his death. Mrs. Kimble was killed in her home last February. At the same time her husband was attacked, shot and wounded. He recovered and was the principal witness against Willey at his trial. Coroner Spiller will hold his inquest at Bradner, where the body was taken.

GERMAN PAPERS SUSPENDED.

(Associated Press Telegram)

London, Nov. 29.—According to a dispatch to the Exchange Telegraph from Copenhagen a Jøsen German newspaper has been suspended for discussing the food question.

In his newspaper Die Zukunft, Maximilian Harden, says the dispatch concludes an article on the subject with this sentence:

"We must confess that the German people for the moment are suffering great want."

government meant that Canada was to have preference in filling foreign requirements and that the result would be a falling off in export business from the United States.

Suggestions that the seizure of Canadian wheat was largely for the benefit of Italy and because foreign exchange rates from the United States were prohibitive to further purchases where settlements on a more favorable basis could be made through London, could not be confirmed in Chicago. Assertions that \$12,000,000 to \$15,000,000 of wheat had been bought in Chicago for Italy were said probably to refer to the whole United States and not to Chicago where actual export business of wheat was small. One leading Chicago exporter said the total Italian purchases in the United States since last spring were not to exceed 5,000,000 bushels.

AT MINNEAPOLIS.

(Associated Press Telegram)

Minneapolis, Minn., Nov. 29.—Wheat took an upward turn here today in consequence of the action yesterday of the Canadian government. December opened at \$1.01, two cents above Saturday's close. May opened at \$1.03 1-2 to \$1.04, 1 1-4 to 1 1-2 above Saturday's close.

AT KANSAS CITY.

(Associated Press Telegram)

Kansas City, Mo., Nov. 29.—First sales for December wheat on the Kansas City board of trade today were at 99 cents, a rise of 2 5-8 cents over Saturday's close. May sold at \$1.03 1-2 to 5-8, a rise of 2 cents over the Saturday ending. May sales were made in the first few minutes of trading. December, however, soon dropped to 98, while May drifted downward on liberal offerings.

AT ST. LOUIS, MO.

(Associated Press Telegram)

St. Louis, Mo., Nov. 29.—December wheat opened on the Merchants' Exchange today at an advance at 1 1-8 to 3-8; and May at an advance of 1 3-4 to 2 1-4. The quotation on December was \$1.03 1-4 to 1-2, and on May \$1.07 to \$1.07 1-2. On the first hour December and May dropped back to an advance of one cent and 1 1-4, respectively, on Saturday's close.

AT WINNIPEG, CAN.

(Associated Press Telegram)

Winnipeg, Man., Nov. 29.—There will be no option market here today except for coarse grains. It was not decided at 10 o'clock this morning whether there would be a cash market for wheat.

AT CINCINNATI.

(Associated Press Telegram)

Cincinnati, Ohio, November 29.—Wheat opened 2 to 2 1-2 higher than Saturday's close here today but dropped 1 to 1 1-2 during the first hour. The market was nervous.

RAWLINGS TRIAL WAS POSTPONED

ON ACCOUNT OF THE DEATH OF BROTHER OF ONE OF DEFENDANTS FOR DEFENDANT

May Be Tried Week Preceding Holidays—Motions for New Trials Wednesday—Court News.

The case of the State of Ohio v. A. L. Rawlings, indicted for forgery, and which had been assigned for trial today, was passed on account of the death of a brother of W. D. Fulton, one of the attorneys for the defendant. Judge Jewell stated that he would try the case some time in December, and probably the week preceding the holidays. The date will be announced hereafter.

Case Settled.

In the case of the Unit Dispatch Company vs. Fred Lisay & Co., growing out of the sale of a car load of bananas to the defendant and which has been in litigation for several years, a judgment of settlement was entered Monday afternoon, the record reading "For plaintiff, \$231 and costs."

HONOR SQUAD HAS FIRST WALK-AWAY IN FOUR MONTHS

(Associated Press Telegram)

Columbus, Ohio, November 29.—The first walk-away in four months was reported at the penitentiary today when authorities at the Dayton state hospital notified Warden Thomas that Joseph Handy, colored, aged 32, "honor" man employed last night, walked away some time last night. Handy's actions, as he had been sentenced to serve, having been two months a final release by the state board of administration at its last meeting which was to take effect December 1. He was sent to the state hospital on October 1, and had no reports of misconduct against him. No action will be taken in his case by the prison officials until the first of the month when he should present himself for release.

Handy was sentenced to serve an indeterminate sentence from Lucas county for cutting to wound. Out of the 325 prisoners now employed on "honor jobs," Handy was the first one to violate the confidence since last summer.

KITCHENER IN PARIS.

Paris, Nov. 29.—Field Marshal Earl Kitchener, British secretary of state for war, arrived in Paris from Italy today. He was given an ovation by soldiers and travelers at the station when he stepped from the train.

ABOUT 300,000 BABIES DIE BEFORE ONE YEAR

The Census Bureau estimates that 300,000 babies died in this country last year before the age of one year, and it is stated that one-half of these deaths were needless if all mothers were strong and infants were breast-fed.

Expectant mothers should strive to increase their strength with the strength-building fats in Scott's Emulsion which improves the blood, suppresses nervousness, aids the quality of milk, and feeds the very life cells.

Physicians prescribe Scott's Emulsion; it is doubly important during nursing. No alcohol. Every drug has it. Insist on Scott's—the white-food medicine. No advanced prices. Scott & Borne, Bloomfield, N. J. 15-7

Had Suffered For Over Eight Years

Doctors Advised an Operation but Simple Remedy Made It Unnecessary.

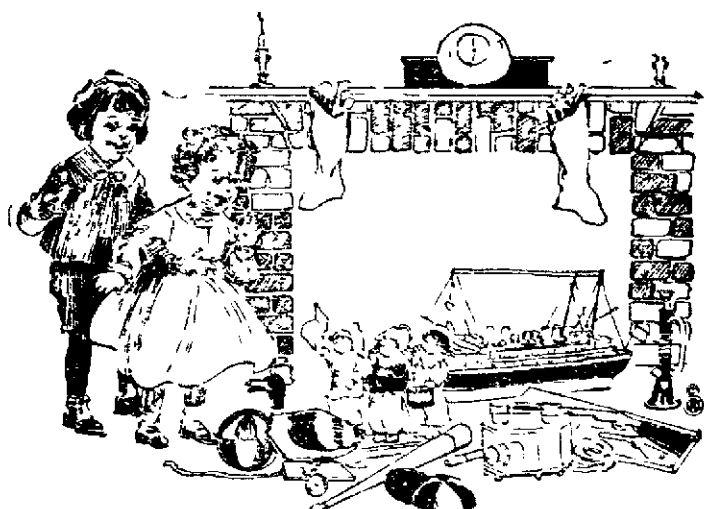

For over eight years Mr. U. S. G. Henry, 806 East 6th St., Oklahoma City, had suffered with stomach and liver trouble until finally he could no longer stand the pain. He says: "The doctors told me nothing but an operation would give me relief. I decided to first try Fruitola and Traxo, which relieved me of a quantity of gall stones and I have no further pain or trouble from my old complaint. I would not take \$500.00 for what your remedies have done for me."

Fruitola, as the name implies, is a pure fruit oil, combined with certain harmless salts, and acts as a lubricant on the intestinal parts, softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling the accumulation to the patient's great relief. Traxo acts on the flow of gastric juices to aid digestion and removes bile from the general circulation. It is a splendid tonic and serves to build up and restore the weakened run-down system.

You Had Better Start Your Christmas Buying--Now!

The Christmas lines are all placed on sale early this season, and many of these lines cannot be duplicated later. Therefore we advise everybody to select their Christmas gifts and remembrances early, while stocks are complete. Many forgetting people have already started their Christmas shopping. It is a wise plan. Those who shop early in the season have the advantage, not only of a better opportunity for inspection, but they avoid the large crowds that come later.

Thousands of Toys In Our New Toy Department

To describe the many interesting things in this department would be next to impossible, but it is no wonder the hearts of the children thrill with joy when they see the many attractions here.

DRUGGISTS OF ZANESVILLE PRAISE GREAT MEDICINE

CULBERTSON & GORSUCH SAY TANIAC EXCELLENT PREPARATION FOR CERTAIN AILMENTS

Information as to Its Merits Gleaned From Satisfied Buyers of It

The leading druggists everywhere have recommended Taniac because they know it is a meritorious medicine and they hear from those who use it that it has a good effect. Messrs Culbertson & Gorsuch, through whose stores it is sold in Zanesville, are no exception to the rule. On the subject they say: "We regard Taniac as an excellent preparation for the ailments claimed to be benefited by it. We have reached this conclusion largely by the expressions of people who have taken it and who positively assert that it has helped them. It has an unprecedented sale and is the greatest repeater by long odds we have ever handled. A very large per cent of those who have taken it have purchased the second bottle, quite a number the third and some as many as four bottles, which to our mind and from our observation and experience is proof positive of its merit in the treatment of catarrh, colds, rheumatism, disordered stomach, sleeplessness, depressed feelings, pains in the side, back, etc." Taniac the Master Medicine, is now being sold in Newark through the drug store of Frank D. Hall.

MISSIONARIES, INTERNED, ARE GIVEN LIBERTY

(ASSOCIATED PRESS TELEGRAM) St. Johns, N. F., November 29.—Eight Moravian missionaries of German birth who were brought here

for internment some time ago, are now back at their stations on the Labrador coast, under supervision of members of the Newfoundland constabulary. The men were ordered to St. Johns at a time when the government feared it might be possible for them to transmit information to German vessels which it was suspected might have reached these waters. Upon assurances being given by the missionaries that they were not engaged in any illegal acts and that they were willing to have their mail examined by the authorities, it was decided that they should be permitted to return.

NEWS MAN WOUNDED.
(ASSOCIATED PRESS TELEGRAM) Petrograd, Nov. 29.—Walter C. Whiffen, head of the Petrograd bureau of the Associated Press, has been wounded, although not seriously, while at the Russian front. He was struck in the thigh by an explosive bullet. The wound was pronounced a light one.

She—"Darling, would you lay down your life for me?" He—"Gladly, dearest." She—"Then suppose you start right in by breaking the news of our engagement to father."

25 Years Ago

(From Advocate, Nov. 22, 1890.)

Probate Judge-elect E. M. P. Brister went to Columbus today and from there will go to Lancaster where he has been invited to deliver the Thanksgiving address to the inmates of the Boys Industrial school.

Today Jesse E. Snelling, the Fourth street meat man, bought of Maurice A. Jones the finest young beef that this county can produce. The calf is a little over six months old and weighed a few pounds over seven hundred.

Manager Cliff Rosebraugh, of the Music Hall is in love with the profession. While the "Fugitive" was in the city he joined it as manager and is now traveling through the state with it.

Mrs. J. W. Helms and daughter Helen, of Waterford, N. Y., is at her old home, Myrtle Hall, visiting her parents, Mr. and Mrs. Lewis Evans. Milton Phillips made a flying visit to the city last evening. He is now on the road in the interest of Allison's Book house of this city.

15 YEARS AGO TODAY.

(From Advocate, Nov. 22, 1900.)

Mr. and Mrs. Peter Sayre, of Topeka, Kansas, who have been here for the past three weeks visiting at the home of Mrs. William Sayre, on Granville street, have returned home.

The Review club will hold a reception this evening at the home of William H. Parrish, in honor of Miss Belle Havens.

Invitations are out for the wedding of Mr. Charles W. Hellenberger and Miss Helen Hunter, to take place December 4th, at the residence of Judge and Mrs. S. M. Hunter, on Buena Vista street.

Mr. W. E. Upson went to Columbus this morning. Col. C. H. Kibler went to Zanesville yesterday. Mr. Eli Hall was in Columbus yesterday.

Dr. and Mrs. E. A. Galbreath have been visiting relatives in Mt. Vernon.

HERE'S REASON WHY Y. W. C. A. NOT SELF SUPPORTING

The question, Why is the Y. W. C. A. not self-supporting, is often asked in a community like Newark where this branch of Christian work is new. The answer is—as the Association exists for the girl, for the purpose of improving her material condition, as well as her spiritual welfare—the minimum price is fixed, in order to shield her self-respect, by bringing a good Christian home within the limits of HER EARNING CAPACITY, however small that may be.

Residence in the Association home which includes much more than food and lodging, costs the girl three dollars per week. Many have paid less, some have paid nothing at all. No girl is refused shelter, protection and care. It is obvious that under the best management, the home department, though it has its earning power, must be conducted below actual cost. The physical and educational classes have but a small earning capacity, the tuition is priced so as to make it possible for the girl of low wage to enter and enjoy the classes SHE NEEDS, and upon which the management depends, to train her for a better position and a higher wage. Some departments are non-producing; they with the emergency cases are a drain upon the treasury.

In an association which owns its own building the income from the boarding house and cafeteria goes a long way towards support, in the local Association they pay, generally, half of the rent, and their quota towards light, heat, and salaries.

But whether the Y. W. C. A. is in Newark or New Zealand, in China or India, in England or in Africa, its activities are supported by Christian benevolence.

In the United States alone, there is an army of between 30,000 or 40,000 Christian women who give voluntary, loving service to the beautiful work of conservation and protection of girls.

The university or college is not self-supporting, but is ideally and beautifully related to the churches of its own denomination, from which it draws its endowment funds and its subscription list when a new building or expensive equipment is needed.

But the Y. W. C. A. is unique in that it stands alone; it is unconnected and unendowed; it is not a rival of any church, but stands as an auxiliary to all churches, it is not a charity, not a club, not a creed, but is based upon the democracy of a common faith in Jesus Christ.

The local Y. W. C. A. is not in an experimental stage, so far as government, rules and regulations go. These have been experimented upon, tried out, systematized and scheduled by the National Association, and we are enjoying the benefits of the experience of many Associations. Since the "Y" is a link in an endless chain, a unit in a vast system of Young Women's Christian Associations which encircle the world and reach girls of almost every clime and nationality. The aim always is to do constructive work, to get hold of the girl before temptation acting upon her youth and ignorance can do its deadly work; to conserve the girlhood of this city, and to build it through loving care and Christian influence into a mighty force for useful citizenship. It is upon this basis that support is asked. The campaign is on this week—begins today. If you would help in the truest sense, send us a subscription, whose every dollar is freighted with interest in the association, and a loving parent's consideration for the young womanhood of Newark.

CENTRAL CHURCH REVIVAL BEGINS; LARGE MEETING

The Roy L. Brown Evangelistic Company began a revival campaign at the Central Church of Christ yesterday. Very large audiences greeted the workers at both services, and a very fine first day interest was manifested. Evangelist Brown has held some record meetings in Ohio, and in many other states. He reaches men in his work. Men like to hear him. His manner of preaching appeals to the masses, for he preaches without notes, and he seems to drive the message home. The other helpers in the campaign are specialists. William Leigh, the soloist and chorus director, is very fine in his work. As an evangelist he has very few equals. To hear him is to appreciate his work. R. Leighton Brown is the son of the evangelist, and he is very fine on the cornet. He plays everything without the music, and handles the cornet without the least apparent effort. These men will conduct a great revival, and there is no question but that there will be full houses right along to hear them.

At the close of the service last night three persons accepted the gospel invitation. This afternoon at 4 o'clock a children's chorus is to be organized, and they will help in the music of the meetings. Tonight at 7:30 the evangelist will preach on "What It Means to be a Christian."

Tuesday afternoon from 1 to 4 a prayer service will be held at the church, and all are invited. The subject for Tuesday night will be "Four Sick Men." The evangelist is very fine in descriptive ability, and this sermon will appeal to everyone. Between four and five hundred were at the Bible school session yesterday.

REVIVAL IN FULL BLAST.
The revival of religion at the Maple Avenue Christian Union church is increasing in every way. The pastor, Rev. P. O. Orit, is the preacher, and is doing a very effective work. Yesterday at all three services the church was well filled with people. The ladies meeting in the afternoon, was the best service of the day, many times during the season.

SUFFERING

**For Want Of Food Existing
Among Hundreds Of
Thousands**

**OF WARSAW, POLAND,
DISTRICT**

**Large Number of These People
Still Are Homeless**

MANY DEAD OF DISEASE

**Superinduced By Hunger,
Mothers Still Alive So
Undernourished They
Cannot Feed Their Children—
Soup Kitchens Established In Warsaw—
Desolation On Every Hand**

(Associated Press Telegram)
Warsaw, Nov. 29.—Via London. Hundreds of thousands of the civil population in Warsaw district of Poland are suffering for want of food. A considerable percentage of this number still are homeless, living in huts, caves, and abandoned trenches.

The situation is more serious because of the immense number of persons thrown out of work by the almost complete paralysis of Polish industries. Some workers have emigrated to Germany where employment is plentiful, but the great majority prefer to remain near their homes in the hope of better days. Prominent Poles in all walks of life maintain that drastic relief measures are necessary if wholesale deaths from starvation are to be prevented.

Suffering is especially acute among the families of Russian reservists who formerly received regular payments from the government. Pensioners now are cut off from their former incomes and the Russians are charged with having taken with them the funds of savings banks depositors.

The country districts of Poland from one end to the other are battle-scarred, barren and fire-swept. In the Warsaw governmental district alone, it is estimated that 4,000 villages were burned by the Russians. Many of the inhabitants who at first fled with the Russians later returned and threw themselves upon the mercy of the Germans.

Thousands already have died of starvation and distress superinduced by hunger. Mothers remaining alive are so undernourished they cannot feed their children. In Warsaw and Lodz women now rise at three o'clock in the morning to get good places in the breadlines, and not miss the chance to obtain some food at least. The horror of the situation is increased by a serious shortage of coal, due in part to destruction of the mines and in part to inadequate railway facilities.

Committees composed both of Christians and Jews, with the assistance of the German government are conducting soup kitchens at Warsaw and Lodz, distributing food and fuel. All kitchens are running full blast in Warsaw while numerous asylums and homes for young and old is in operation.

Lodz is trying to feed 300,000 of its half million of its population. Homeless peasants are being given lumber and tools to erect houses before winter, living meanwhile in dug-outs near their old homes, cooking on improvised hearths. The city of Lodz is paying pensions to the wives of reservists on the chance of being reimbursed later.

Road building, railroad and bridge work are being carried on extensively in order that the unemployed may earn something. All these measures bring only partial relief, however. The German authorities are struggling desperately with epidemics of distress which have come from the ravaged sanitary conditions in the ravaged districts and are making the ravaged headway. Cholera, typhoid, fever and diphtheria are under control.

Statistics which are to be authoritative show that from 250,000 to 350,000 persons are being supported in Warsaw alone.

HIGH EXPOSITION IS UPON FINAL WEEK OF ITS EXISTENCE.

(Associated Press Telegram)
San Francisco, Nov. 29.—The Panama-Pacific exposition has entered the last week of its existence and, according to the official program it will be one of the busiest in the exposition history. Continued interest in the big show was emphasized by the report today that the attendance yesterday exceeded 165,000.

It is planned to have closing day, December 4, celebrated throughout the world by a chain of toasts to be exchanged by radio, telegraph and cable.

The public schools have been closed for the week to give teachers and pupils opportunity to attend the exposition.

ORGANIZATION OF CONGRESS IS UNDER WAY

**DEMOCRATS OF BOTH UPPER
AND LOWER HOUSES IN SESSION TODAY**

**Important Committees Will Have
Vacancies to Fill Because of
Difference in Party Ratio.**

(Associated Press Telegram)
Washington, Nov. 29.—Senator Kern of Indiana, was re-elected chairman of the Democratic senate caucus and floor by unanimous vote today at the conference of senate Democrats. Senator Pittman of Nevada, was elected secretary of the conference to succeed Senator Salusbury of Delaware, who wished to relinquish the office. Selection of a vice chairman, president pro-tempore of the senate, committee assignments and the report of the special committee on revision of the rules were postponed until Wednesday.

Senator Kern was authorized to name a new steering committee of eight members to be approved by the conference Wednesday. Chairman Owen, of the special committee to revise the rules, will submit a report Wednesday, recommending a modified form of cloture on debate. Up to that division of opinion is expected and discussion may prolong the conference several days.

(Associated Press Telegram)
Washington, Nov. 29.—With senate Democrats in caucus and Democrats of the house ways and means committee in session today work of organizing the 64th congress which convenes a week hence, got under way. Practically all the majority members of both branches of congress had arrived here. One of the most important matters which awaited the consideration of the senate caucus was a revision of the rules to provide for the cloture of debate. A special committee, of which Senator Owen of Oklahoma, is chairman, had prepared a report recommending a modified form of cloture designed to prevent protracted filibusters. A majority of the Democrats are said to favor cloture, although some are expected to vigorously oppose it.

The re-election of Senator Kern as majority leader; Senator Clarke of Arkansas, as president pro-tempore and Senator Lewis of Illinois, as party whip, was forecast. Important committee vacancies mostly on the Republican side also are to be filled as well as committee places found for new Democratic senators. House Democrats are confronted with a more difficult task because of the reduced Democratic and increased Republican membership. Not only are there many Democratic vacancies on most of the important committees, but the increased Republican membership necessitates changing the party ratio on nearly all committees to provide for the enlarged majority. There probably, however, will be few changes in chairmanship of important committees.

Three Democratic vacancies on the ways and means committee are to be filled and the naval committee reorganized in view of the defense program. Five Democratic vacancies are to be filled owing to the retirement of three advocates and two opponents of naval increases.

(Associated Press Telegram)
London, Nov. 29.—The British public is not inclined to grant the German contention that the Serbian campaign of the Central powers has been brought to a successful conclusion.

The hope is expressed that the wintry weather will give time for reinforcing the Anglo-French troops until they are strong enough to assume the offensive before the invaders have consolidated their positions in Serbia.

Russia is also counted on to play a part in these operations. In the meantime the only active military operations seem to be centering around Monastir, the fate of which is obscure. The many contradictory reports on this subject vary from the assertion that the city is still in the hands of the Serbians to the claim that the Bulgarians, accompanied by detachments of Austrian and German troops have occupied the city.

Further to the north it is reported the Serbian armies, divided into two sections, are retreating into Albania and Montenegro. It is not yet apparent whether the Anglo-French forces are to be sent against the Anglo-French lines north of Saloniki, but on the extreme of the Balkan front, the Montenegrins are expected to launch a heavy attack from the Austrians.

The entente ministers at Athens are said to have received a reply from Greece to their second note. Greece is reported to have promised to meet all demands which do not threaten to compromise her neutrality.

An unmistakable lull prevails along the eastern front. From the west come official reports of a lively air and sea skirmish off the Belgian coast.

Canadian Government Commandeers 20,000,000 Bushels of Wheat Which Causes Flurry in American Markets

(Associated Press Telegram)
Chicago, Nov. 29.—Action of the Canadian government on Saturday night in commandeering nearly 20,000,000 bushels of numbers 1, 2 and 3, northern wheat in elevators from Fort William on Lake Superior to the Atlantic seaboard, is expected to result in only slight fluctuations in the American market, according to opinions early today of leading dealers in Chicago.

The action was taken under the special war act and an official statement issued at Ottawa stated that the price will be fairly adjusted and the grain owners promptly paid by the Canadian government. It is estimated that there is still in the hands of farmers and dealers in western Canada about 130,000,000 bushels of wheat available for export out of a total crop of about 350,000,000 bushels in the entire dominion.

It is understood that a large portion of the wheat commandeered will be shipped to Italy. George E. Marcy, president of the Armour grain company, and Joseph Rosenbaum, head of the J. Rosenbaum Grain company, two of the largest exporters here, are among those who do not look for quick changes in prices. Mr. Marcy predicted that the Canadian government's action would release greater quantities of wheat for immediate delivery.

C. H. Canby, president of the Chicago Board of Trade, would make no prediction further than to say that the demand for wheat in the United States would be affected in proportion to the extent the Canadians secure and according to the disposition the government proposes to make of the grain and the price it will pay.

Experts said the price of grain had been kept down, so far this year, for two reasons. The first, they said, is the enormous supply both in the United States and Canada, and second, the absence of competitive bidding. Most of the supplies of Great Britain and its allies have been purchased through one agent, he said.

"Evidently the action of the Canadian government is just a move to

6 Special Trains Carrying State's Corn Boys, Hurrying Through Ohio to Washington

(Associated Press Telegram)
Columbus, Nov. 29.—Six special trains carrying about 500 corn boys and girls, winners of agricultural and domestic science contests in their respective communities, were on their way through Ohio today on the start of an excursion to Washington, New York and Philadelphia, which will cover the Pennsylvania lines but was directed by the state agricultural department.

The trains will meet at Pittsburgh tonight and consolidate into four tomorrow and Wednesday will be spent in Washington, Thursday in Philadelphia and Friday in New

York. The return trip will occupy Saturday.

Trains were to start soon after noon today, from Van Wert, Toledo, Cleveland, New Paris, Urbana, Cincinnati and Marietta. A number of adults and several physicians accompanying the parties and special chaplains were provided for the girls. Renick W. Dunlap, secretary of the board of agriculture, J. K. Clarke, supervisor of agricultural contests, N. L. Bunnell, member of the state board and T. P. Riddle, Lima manager of the tour, took the trip.

Governor Willis expects to join the party Wednesday in Washington, or Thursday in Philadelphia.

CLAIMS

**Of Government Respecting
Connection Of Captain
Boy-Ed**

**WITH CONSPIRACY, IN-
SISTED UPON**

**In Trial of Hamburg-American
Officials**

BY DEFENDANTS' COUNSEL

**In Examination of United
States District Attorney
Who Evaded the Question
Upon the Witness Stand
When Trial Was Resumed
In New York City This
Morning.**

(Associated Press Telegram)
New York, November 29.—The government was called on today to state whether it considered Captain Boy-Ed, German naval attaché in the light of conspirator with Hamburg-American line officials in dispatching relief ships to German cruisers at sea early in the war. The demand was made and repeated by William Rand Jr., counsel for Dr. Karl Buezn and in three subordinate officials in the course of their trial, for alleged conspiracy in the United States district court here.

"The government has taken no position in that matter," replied Roger B. Wood, assistant United States district attorney in charge of the prosecution, when pressed by Mr. Rand for the third time for reply.

"We have brought nobody's name into this case unless it had to be brought in. All the government has wanted to do is to submit all the facts in the case bearing on this indictment."

"It has done that without any attempt to bring anybody's name in that did not have to be brought in." What the government contends with relation to Captain Boy-Ed's connection with the case was a point which Mr. Rand was insistent should be cleared up.

"Is Captain Boy-Ed one of the conspirators in this case according to the government's contention?" he asked.

There was no reply and after a short pause Mr. Rand addressed the court, repeating the question.

"I dislike to ask Mr. Wood that question again," Mr. Rand went on, "because apparently he is very touchy; but I will ask your honor to ask it of Mr. Wood. I think we ought to know; I feel that the court should put the question."

Judge Howe was silent for several moments. When he did reply it was not to ask the question of Mr. Wood, but to rule that Christian Bentzen, first mate of the Marina Quesada, might testify concerning the movements of the vessel.

"I think that the government has shown a connection between the Marina Quesada, and the defendants," the court said. "I shall allow the witness to testify, subject to later ruling of this court."

The Marina Quesada, formerly the Gladstone, which sailed from Newport News, December 16, for Pernambuco, the defense contends, was in no way connected with the operations directed by the defendants. The government contends that the defendants sent this vessel out too.

In support of its contention it placed in evidence last week, among other documents, a telegram sent by Philip Volz, Baltimore agent of the North-German Lloyd to Hans Sulren, captain of the steamer in New York. The message was addressed to Sulren at Captain Boy-Ed's New York headquarters, Room 301, No. 11 Broadway.

Bentzen testified that revolvers were brought aboard the Marina Quesada before she sailed and that he took care of them at Captain Sulren's request after they had left port.

After examining several witnesses who testified to minor matters at the afternoon session the government rested its case.

LYNCHING

**Who Sends Adjutant General
Hough to the Scene**

A RIGID INVESTIGATION

**Will Be Conducted of the
Reported Lawlessness—
Body is Found Hanging
Near Scene of Crime—
Threatening Letters Received
By Supposed Victim,
at Liberty On Bond.**

(Associated Press Telegram)
Columbus, Ohio, November 29.—Governor Willis has ordered a rigid investigation into the reported lynching, near Gibsonburg, of John Henry Willey, whose body was found hanging yesterday, near the scene of the murder of his grandmother, of which crime Willey had been accused.

Adjutant General B. W. Hough has been ordered by the governor to proceed to Wood county, at once, and to leave nothing undone to obtain facts as to Willey's death. General Hough was in Toledo this morning, but it is understood here that he proceeded to Bowling Green at once to confer with Wood county authorities.

Governor Willis said that while the alleged lynching was a matter for the attention and action by the local civil authorities, that he wanted to know first hand whether Willey died at the hand of a mob.

**Feeling Ran High
Against Willey; His
Trial Sensational**

Gibsonburg, Ohio, November 29.—The body of John Henry Willey, 27 years old, recently granted a new trial after the jury had brought in a verdict of assault and battery in his first trial on the charge that he murdered his grandmother, Mrs. Eva Kimble, last February, was found hanging from a tree Sunday within a few rods of where the murder took place.

Threatening notes received by Willey recently indicated that he was the victim of a lynching plot. A heavy leather strap was tied around his left wrist, and both wrists were badly swollen. The right hand shows that in his death struggle he had wrenched it free. His features were contorted and his clothes disarranged, indicating a struggle.

Since the murder, which took place February 12, 1915, feeling had run high against Willey. One of the letters received boldly stated that he would be the victim of a lynching.

The theory of suicide was dispelled by the manner in which the body was found.

B. F. James, of Bowling Green, who was attorney for Willey, stated that his client had been in high spirits since the granting of a new trial. The receipt of threatening notes, however, had made him unusually cautious, James said. He had visited James at his Bowling Green office Saturday, leaving at dusk.

Willey was freed only a few days ago on \$5,000 bond. He had been indicted by the grand jury for second degree murder after the finding of his grandmother's body in her home at Bradner.

At the time of the murder his grandfather, Joel Kimble, also was found in his barn severely beaten and shot.

Willey's trial was the most sensational ever held in this section. After 25 hours' deliberation the jury brought in a verdict of assault and battery. The grandfather appeared against him, accusing Willey of the assault. The motive for the attack was unknown, but was believed to have been robbery.

A short distance from where Willey's body was found his horse and (Continued on Page 7, Col. 3.)

Chicago Capitalist Asks Court To Compel Transfer Of Municipal Properties

Cincinnati, O., Nov. 29.—Suit was filed in the United States district court here today to compel the transfer of the Middletown Gas and Electric plant and the Franklin Electric light plant, to C. A. Munroe of Chicago, for \$485,000 and \$200,000 six per cent ten-year debenture bonds. The two companies and Anthony H. Walburg of Middletown; J. A. Anell of Cleveland, and L. C. Anderson of Franklin, Ohio, are the defendants. It is claimed in the petition filed by Munroe that the defendants agreed to the sale of the two plants for the

amounts named, the agreement being dated February 5, 1915, but that the defendants refuse to fulfill their part of the contract.

It is also set forth that when the state public utilities commission was asked to approve the transfer that body refused, and rehearing was granted and that it is now believed that the approval will be given. Munroe's petition states that he organized the Ohio Gas and Electric company for the purpose of taking over the Middletown and Franklin plants and other like concerns.

NEW YORK DEALERS

**Had Much of the Commandeered
Wheat Under Contract.**

(Associated Press Telegram)

New York, Nov. 29.—Much of the wheat commandeered by the Canadian government was under contract to New York shippers, according to grain dealers here. Many of them have dealers here. Many of them have dealers here. Many of them have dealers here.

This situation is expected here to create an increased demand for

wheat grown in the United States as millers in this country who ordinarily have obtained much of their supply from Canada, will be compelled to turn to a greater extent to the home market.

Shipping agents here say that the seizure of the wheat by Canada does not mean that its shipment to Europe will be diverted from United States ports as they do not believe that Halifax and St. John can handle the Canadian crop. Portland, Maine is considered a great outlet for Canadian wheat and shippers believe that a large proportion of the commandeered grain will be exported through that or other United States ports.

The market here opened excitedly with December delivery at \$1.05 to \$1.06 as against \$1.03 1-2 at the close Saturday and with May at \$1.07 to \$1.08 1-2 as against \$1.06 to \$1.06 1-8. Reaction from the initial top figures quickly took place, and the market became a broad general one with feeling decidedly nervous. Bulls were to a large extent held in check by opinions industrially circulated that the English government would probably do all or nearly all of the British, French and Italian business, and that United States exporters would be virtually put out of business, at least on any material advance of prices.

Y. W. C. A. Campaign Closes Today; Final Reports Will Be Submitted This Evening

Today marks the conclusion of the work of solicitation for the Y. W. C. A., and contrary to the custom which has prevailed during the week of holding the meeting of the captains and teams at the noon hour, the meeting for the final reports will be held at 6:00 o'clock this evening.

Greater impetus was given the work today and the offices at the association feel assured that the \$9,000 standard set by them will be reached when the final reports are submitted this evening. The captains and team members will meet tonight at 6:00 o'clock and dinner work will be served in the association dining room.

The response to the solicitors has been liberal in nearly every case, and often, where persons have not been solicited, they have offered the money. The following is the list of contributors for today:

BLUE LAWS

ENFORCED IN JERSEY CITY BY CLOSING MOVING PICTURE SUNDAY NIGHT

Theatre Owners Retaliate by Causing Arrest of Motorman, Street-helpers and Others.

(Associated Press Telegram)

Jersey City, N. J., Nov. 28.—Owners of moving picture theatres here whose shows were closed Saturday night by police order, are in conflict with the city authorities over what they call "Jersey blue laws." To show the alleged absurdities of these laws, they took steps today to summon to court a dry goods merchant for selling goods on Sunday, a constable for throwing dice for cigars in a store, ten conductors and motormen for operating trolley cars, 200 storekeepers for operating automobiles.

The moving picture men will aid in the prosecution of three men arrested Sunday, two for selling gasoline for automobiles and one for buying.

PRESIDENT

RETURNS TO WORK ON MESSAGE
FIANCEE REMAINS IN NEW YORK CITY

To Purchase Parts of Her Trouseau
Message Nearly in Shape
For Public Printer.

(Associated Press Telegram)

Washington, Nov. 29.—President Wilson returned from New York early today and immediately went to the White House and began on his next annual address to congress. On the return trip the President was accompanied by Senator Hughes of New Jersey, Secretary Taft, and Dr. Cary T. Grayson, the White House physician. Mrs. Norman Galt, his fiancée, remained in New York to purchase parts of her trousseau.

The President had the main outlines of his address to congress finished and expects to get it in final shape for the public printer today. He took the address with him to New York and discussed it with Colonel E. M. House, his personal friend and political adviser.

While in New York, the President is understood to have discussed the outlook for peace in Europe with Col. E. M. House, who went abroad several months ago to investigate the situation for the President.

It is not believed, however, that the President will initiate a conference of neutral nations to attempt to end the war as suggested to him last week by a delegation of peace advocates.

GOOD RESULTS AT REVIVAL MEETING, CENTRAL CHURCH

Twenty-three persons answered call of the gospel invitation at the Central Church of Christ revival yesterday. Evangelist Roy L. Brown and his splendid helpers had a busy day of it. The evangelist spoke five times and went from one service to another in succession without lagging. There was enthusiasm and power in every sermon and song. A great crowd was assembled at the morning hour. The sermon was one that told of the fidelity of the early church, and many striking illustrations were given pertaining to the work and steadfastness of the early body of Christ. Professor Leigh sang "The Way of Peace."

At 8:00 p. m. the auditorium and gallery were full, and another inspiring service was held. The speaker spoke on "Mother, Home and Heaven," and the message was one of uplift. Song Evangelist Leigh sang "Memories of Mother." It is being noticed that the songs rendered in this meeting are above the ordinary. Professor Leigh has the happy faculty of knowing how to sing.

Following the Christian Endeavor rally in the basement, a large audience assembled in the auditorium for the night service. The rain did not keep people away. The interest is widespread, and is growing now from day to day. The special music was a feature last night. R. Leighton Brown, the cornetist, rendered a solo, and at the close, the evangelist, song leader and cornetist sang a trio, all of which was highly appreciated. Professor Leigh sang "Shadows."

The people are just coming to realize that the Roy L. Brown Evangelical company is a party of varied talents and powers.

Tonight's subject, "When I Come to Die," will draw a big crowd without a doubt.

Tomorrow night the evangelist will deliver a sermon on the subject "Is There a Hell?" This sermon will be based on Bible teaching and will deal directly with some of the present day fads and religion.

This will be a busy week. Services begin each evening with a splendid song service at 7:30 o'clock.

Some people are so eager to be on the right side that they will even take both sides.

THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these uric acid fillets do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headache, chilliness and rheumatism. In some cases there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric."

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for kidney trouble and backache. Neglected kidney trouble is responsible for many deaths, and Insurance Companies examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination. This is done by expert chemists of the Medical Staff of the Invalids' Hotel. If you wish to know your condition, send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Assisting Physicians will inform you truthfully.

KNOW YOURSELF.

Read all about yourself, your system, the delicateology of life, anatomy, hygiene, the little home cures, etc., in the "Common Sense Medical Adviser," a book of 1008 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., three dimes or 30 cents in one-cent stamps for a cloth-bound copy.

SELL WATER FOR \$1 A BARREL IN AN ALASKAN TOWN

(Associated Press Telegram)

Seward, Alaska, Nov. 29.—As a result of cold weather water is selling today at \$1 a barrel at Anchorage, the new town established by the government, as construction headquarters for the Alaskan railroad. If purchased by the bucket the price is 15 cents, or two buckets for a quart.

Pending the completion of the water system, which the government engineers hope to have working within two weeks, all water for domestic purposes is taken from holes chopped in the ice.

FREIGHT WRECK; 30 CARS PILED; NONE INJURED

(Associated Press Telegram)

Philadelphia, Nov. 29.—One of the most serious freight wrecks in a long time on the New York division of the Pennsylvania railroad occurred at Cornwall, eighteen miles east of Philadelphia, at 11:30 o'clock last night and traffic was blocked many hours. The train on which President Wilson returned to Washington from New York, was one of the many that had to be diverted over other routes.

No one was hurt, but thirty freight cars were damaged and piled up over the four tracks of the road. The accident was due to the failure of the engineer of one of the two freight trains involved to obey signals. Both freights were going east on different tracks and one crossed over at a switch and crashed into the middle of the other.

At 8 a. m. today traffic was still blocked.

BLOCKADED

Every Household in Newark Should Know How to Resist it.

If your back aches because the kidneys are blockaded.

You should help the kidneys with their work.

Doan's Kidney Pills are especially for weak kidneys.

Recommended by thousands—home testimony proves their merit.

Mrs. J. W. Mullen, 7-1-2 E. Church St., Newark, N. J., says: "My back bothered me constantly and when I tried to do any housework, sharp pains shot through my loins. Often it seemed impossible for me to stand. Mornings I was so lame that I could hardly move. One of the family had used Doan's Kidney Pills with good results and I got some at the City Drug Store. Three boxes relieved the pains in my back and today my kidneys are normal."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mullen had. Foster-McBarn Co., Props., Buffalo, N. Y.

MOVE TO ORGANIZE N. Y. STENOGRAPHERS TO NUMBER OF 40,000.

(Associated Press Telegram)

New York, Nov. 29.—The league for business opportunities for women began today a movement to organize the stenographers here, estimated at 40,000, to obtain a minimum wage of \$8 a week. It is proposed also to investigate schools of stenography which it is asserted, are graduating incompetent workers. Many of the successful business women in the city are members of the league.

NEWARK'S FOREMOST FASHION CENTER

The Sale of Coats Began Saturday Hundreds of Women Attended Don't Buy a Coat Before Looking Here

"Even greater values than the advertisements told about," were the exclamations heard on every side Saturday. If you were here you know how crowded the cloak room was—how busy every salesman was. Perhaps many of you did not get the attention that this store is noted for. If such was the case we trust you will pardon us, for we know you fully realize how utterly impossible it was for us to wait on everyone.

This Sale Includes Every Lady's and Miss's Coat in The Store

Nothing has been reserved, every garment has received a substantial reduction. Included are plushes, Corduroys, Mottled Velours, Two-tone Velours, Stripped Velours, Urakim, Matlam, Kurltex, Baby Lamb, Imported Mixtures, Zibeline Plaid, Exposition Plaids, Broadcloth, Cheviots, Army cloth, in fact every thing that is really new and desirable. Any style you favor will be found here, including hundreds of fur-trimmed models.

We do not like to appear insistent, but we do want to impress upon you most favorably the importance of this sale and the benefit you will derive by attending. Remember when you buy here you select from Newark's largest showing at prices that are at least 25 per cent lower than elsewhere. Don't you think you owe it to yourself to see these wonderful values before buying your new coat?

TIME RIPE

FOR ALLIES, NOW TO DICTATE
PEACE TERMS, CLEAR
AND DEFINITE

On Grounds that Victory is Certain
Says the London Post in
An Editorial.

(Associated Press Telegram)

London, Nov. 29.—Belief that the time has arrived for the allies to dictate clear and definite terms of peace, is expressed in the Post in an editorial, on the ground that there then will be less chance of losing in negotiations, what has been gained on the sea and in the field. The Post contends that without "selling the skin before killing the bear" it may be assumed victory for the allies is assured if only because, without undue strain, Great Britain could maintain a naval blockade indefinitely, and history has shown that such pressure alone would be in the end secure victory.

The newspaper also protests strongly against the treaty of commerce which has been negotiated between Great Britain and Denmark permitting commodities to be re-exported from Denmark to neutral or belligerent countries if shipments to belligerents are not contraband. "In other words," says the Post, "the foreign office has created an agency whereby this country may trade with the enemy. This seems to us monstrous."

MORE BIBLES TO BE PRINTED THIS YEAR THAN EVER

(Associated Press Telegram)

New York, Nov. 29.—American publishers of the bible are this year for the first time selling bibles in the British, French, Russian, South African and Australian markets. The publishers estimate that the number of Bibles printed in the United States this year will exceed the normal by fifty per cent, an unprecedented increase. One of the largest Bible houses of this city reports the publication and sale of a million Bibles within a year. Bibles for the Christmas trade are being published in 980 different styles and will sell from 20 cents to \$50 a copy.

IMPROVEMENT IN "EMPRESS" BY MR. HARRIS

Will D. Harris, lessee of Buckeye Lake park, who recently took over the lease on the Empress theatre near the Southern Hotel on High street, Columbus, O., has already wrought a wonderful change in the theatre and by putting on high class vaudeville is catering to the best element of the theatre-going people of Columbus.

The house had been "dark" for months when Mr. Harris took charge. He redecorated the theatre with good taste and the house is kept as neat and clean as any place could be.

Gradually Mr. Harris is increasing the business of the Empress and he will no doubt soon have the house transformed from a "dead" one to a "live" one.

Bernard Smith who is with Mr. Harris in his Buckeye Lake park enterprise, is also secretary-treasurer of the Empress.

COLLISION

BETWEEN TOURING CAR AND RUNABOUT RESULTS IN TWO BEING INJURED.

Hebron Jeweler and Sister-in-law, in Smaller Car, Hurled Down Embankment.

John F. Vickers, the jeweler at Hebron, who resides on the Harley Bright farm near Jacksontown, while driving west on the National road Sunday evening, was run into by another machine and met with injuries which will probably confine him to his home for several days.

Mr. Vickers was driving a Ford runabout and was accompanied by his niece, Miss Juanita Sayers, of Jacksontown. When about a mile east of Linville, Mr. Vickers heard a big car coming up behind and pulled to the side of the road to allow it to pass. There was plenty of room, so spectators who witnessed the accident claim, but the touring car struck the Ford and turned it over down an embankment, throwing out its occupants, Miss Sayers having her collarbone broken, while Mr. Vickers sustained cuts and bruises and an internal injury.

The road at the time was lined with autos and Dr. H. H. Baker of this city was the first to reach the injured people, the driver of the big car having hurried away without stopping to inquire what damage had been done. Dr. Baker assisted in carrying Mr. Vickers into a nearby residence and wanted to phone for an ambulance and bring him to the hospital in this city, but Mr. Vickers wanted to be taken home, and his wishes were complied with.

This afternoon the injured man was resting comfortably, but it will be impossible to determine his exact condition for several days as he was injured internally. He was attended by Dr. Brown of Jacksontown.

KILL KARE KAMP.

(By Ethelyn O'Brien.)

Never have I seen such a nice camp. It has a fascination about it every girl likes. I never enjoyed anything so much as "Kamp." At night we went on hikes, had moving picture shows, had marshmallow toasts, and corn poppings, in fact anything appropriate for night enjoyments. Several times we had a watermelon feast. And through the day we went fishing, swimming, on hikes, and after wild flowers.

All I hope is that camp will last longer and that the same people and the same cook will be there next year.

Says She Was Saved From Operating Table

Brother and Sister Both Believed by Simple Remedy Available to Any One.

In her gratitude for a remedy that saved her from the possible necessity for an operation, Mrs. Carrie Hefflin, of Coats, Kans., writes: "Had it not been for Fruitola and Traxo I might have been on the operating table by now. It relieved me of at least one hundred and fifty gall stones. It surely does work wonders. My brother also had suffered for years and has been greatly benefited by Fruitola and Traxo."

Fruitola is a powerful lubricant for the intestinal organs, softening the congested masses, disintegrating the hardened particles that cause so much suffering and expels the accumulation in an easy natural way.

Traxo is a splendid tonic, acting on the liver and stomach with most beneficial results and is recommended for use in connection with Fruitola to build up and restore the weakened, run-down system.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Newark they can be obtained at T. J. Evans' drug store, Warden Hotel block.

TEACHING ENGLISH TO FOREIGNERS AT THE Y. W. C. A.

From the very beginning of the Y. W. C. A. activities in Newark Miss Laura Jones, who has always been a friend and lover of girls, accepted as a privilege the task of teaching English to foreign women and girls. Miss Sara Buckingham was her assistant and together they made a canvass of districts where foreigners dwell with a view to learning conditions and needs.

On the evening when the teacher first met her class there were gathered around the study-table, five women and three men. That is, one of the women had brought her husband, and another had brought her husband and a young brother for the reason, that living in the outskirts of the town, the women could not come

MRS. ANDREW S. MITCHELL

alone. Under the circumstances the rules of the association were elastic enough to permit the arrangement. With one couple, although a disparity of size was largely in favor of the wife, it was plain that as in all well-regulated families, here and abroad, the husband was head of the house.

The class had two lessons a week, at a nominal charge that covered the expense of the heating and lighting the room, and incidentally preserved their self-respect, as paying their way. The curriculum was confined to the "Three R's." Through the kindness of Mr. Hawkins and the teachers of the Fourth street school, the necessary school books were provided. It was surprising how quickly some of the younger members learned to read in the language in which at first, they could scarcely speak a word.

One cannot come in touch with these strangers from a strange land without feeling an interest in their lives. The first break in the class occurred when one boy and a younger sister left to go to Cleveland to seek a "better job." Then one day on calling at the home of one of the girls to find the reason for her absence from class, the teacher was informed that sixteen-year-old Rosie had been married in a few days. One of the women was taken to the Sanitarium for a surgical operation. The teacher calling to see her on her return to her home found that her little first reader had served to beguile some weary hours.

The class of 1914-15 was composed of five nice girls, Hungarians and Romanians, who were in service, and were fortunate enough to be employed in homes where they received aid and encouragement in their efforts to learn English. They had respectable up-bringing and three of them had attended school in the old country, as was evident in their quickness to acquire and in their fine round handwriting. The work in this class consisted in reading and spelling; writing from dictation; memorizing phrases useful in their daily duties, and a few choice bits of poetry. One member of the class who has been in this country

some few years, we called our assistant teacher. In her sweet spirit of helpfulness, she assisted the others over the hard places, and always had a ready excuse for their failures.

As the girls were at first strangers to one another, and curiously enough to the teacher—having some racial antagonisms, it seemed best to encourage the get-together side of their meetings. As the gleeful shouts of the girls in the "gym" came up to our room, their young blood caught the infection, and they too, felt the influence of the good times to be had in the Y. W. C. A.

At the annual meeting in January, 1915, in order that the foreign class should feel that they too, were part of the association, it was suggested by the committee that the class should have a place on the program, and that the girls should appear that evening in the costumes of their homeland. As the five were from different districts of Hungary and Rumania there was variety as well as the picturesque in their dress; which with their bright eyes, fresh complexions and long braids, received most generous applause.

Many of the foreign women realizing the advantage of the use of the language of their new country, yet find it impossible to attend night-school at the Association rooms. Numbers of them are employed in the factories all day, and a good deal of work awaits their return home in the evening, leaving neither time nor energy for the long walk to and from the association.

There has come a vision to some of us, of a school room in each quarter of the town—a social center under the auspices of, and a sort of extension of the Y. W. C. A. In these school rooms the foreign women in their vicinity should find classes in English, in Bible study, classes in cooking, in sewing, in nursing and hygiene, with an occasional evening of entertainment to brighten their meager lives. Here mothers could bring their families to enjoy with them the evening of music or dramatics, which appeal so strongly to these foreigners. Is it too much for the community thus to consider the needs of these newly-arrived, our future citizens in the making. In view of the fact that what uplifts the family strengthens the state.

NO MORE BACKACHE NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by week, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery. Solvax is probably the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Many of the best druggists say that no medicine ought to be paid for unless it does the user some good. Solvax therefore sees to it that a positive guarantee to quickly relieve the worst cases of kidney trouble or your money refunded. Try Solvax today and if you cannot see and feel a decided change for the better just go to the druggist from whom you bought it and tell him you want your money back and he will return it without question. This is the strongest argument that can be offered in behalf of any medicine. Solvax is sold in Newark and vicinity by T. J. Evans and other leading dealers.

Music

The second concert of the Quality Series at Memorial Hall, Columbus, will be given Tuesday evening, November 30, and mail orders for reservations will be taken care of at this time, before the general seat sale opens. Miss Kate M. Lacey, manager of the series, writes the Advocate that she has arranged with the Ohio Electric to hold the 9:40 car until 10:30 that night, which will give Newark and Cranville people time to remain until the concert's close.

The Philadelphia Symphony Orchestra will be the attraction, and under the leadership of Leopold Stokowski, it has been recognized in the cities that it has appeared, as a great musical organization. There is no class of music which thrills the very soul of a lover of good music like that of a symphony orchestra, under capable leadership, and the coming concert will give this opportunity.

This week Columbus is to have a grand opera festival, beginning with Thanksgiving Day matinee, with evening performance Thursday, Friday, Saturday and a second matinee on Saturday. These performances will be given at the Southern theatre by the San Carlo Grand Opera company, which has appeared in Columbus before and given general satisfaction.

The repertoire includes the classic as well as the more popular as the following program announced will indicate. Thanksgiving matinee, "Cavalleria Rusticana," "Pagliaccio," evening, "Aida," Friday evening, "Rigoletto," Saturday matinee, "Tales of Hoffman," Saturday evening, "Il Trovatore."

The Jane Tuttle Concert company will give two entertainments at Taylor hall this evening and Tuesday evening, under the auspices of Philomena Wehrle Tent, Daughters of Veterans.

Of course it is possible to be popular and tell the truth, if you tell it only when it is necessary.

MRS. W. H. DAVIS HEADS FINANCE "Y" COMMITTEE

Mrs. W. H. Davis has filled with great efficiency the difficult and responsible position of chairman of finance of the Y. W. C. A. for the past three years. Mrs. Davis has conserved the resources of the Y. W. C. A. and through her committee has proportioned the budget to meet the demands made upon it by the various committees in their activities. Much of the success of the Y. W. C. A. may be attributed to the wise oversight of Mrs. Davis and to the careful work of the committee.

Any one of our citizens who is interested in the welfare of employed and busy girls of our city cannot but feel that the Y. W. C. A. has become an important factor in their lives, socially and physically, as well as

from a moral and religious standpoint. There are several departments in the association each under the supervision of a secretary or chairman, viz the educational, physical, boarding, religious and membership. Each department has its own monthly budget prepared by the finance committee, which at the beginning of each year prepare the yearly budget, and assign to each department its portion per month, according to its needs, and earning power. The finance committee feel that there has been no extravagance in the expenditure of funds during these past three years that the organization has grown in every department and that it has practically outgrown two buildings in the brief period of its existence.

The Y. W. C. A. never will be self-supporting for the reason that all may understand, that the earning power of the association is handicapped by the fact that our girls must be housed, fed and cared for in the different departments at actual cost. While there is an earning capacity in some departments, others are non-producing and it is to the benevolent public that all Young Women's Christian associations in the vast system which encircles the world, must look for sustenance and power to exist.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation, and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and tints—Brings back its gloss and tints—Brings back its gloss and tints—

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

MRS. LOUIS VOGEL TEACHES Y. W. C. A. SEWING CLASS

Mrs. Louis Vogel, who, for years was one of Newark's most up-to-date dressmakers, has taught sewing classes most efficiently during the past three years. She submits the following report:

In regard to the sewing class of the Y. W. C. A., I have this to say, that in my experience as a teacher I find the class a great help to girls wishing to make their own clothes. Some girls have already accomplished this, even though they knew nothing about sewing, upon entering the class. In one instance especially I have seen a girl realize so much out of one term, that at the end of that time she had quite a collection of pretty things as well as the experience. I am especially delighted with the work, when finished as it had been done so neatly. Among the articles were three very dainty dimity and fancy voile waists, one dressing saque, one combination corset cover and petticoat and one wool shirt waist suit. This of our down town stores.

I will say for the girls of Newark who have not joined the class that they are missing the opportunity of their lives. Should the young lady before mentioned at any time wish to follow the trade, she is without a doubt fitted for it, although she knew nothing about sewing upon entering the class. We have had many other girls who have realized considerable knowledge as well as material work and they have expressed themselves accordingly.

CHARGE FRAUD

Against Steamship Line in Carrying Supplies to German Cruisers.

(Associated Press Telegram) New York, Nov. 22.—The opening session today of the trial of Karl Bueuz, managing director of the Hamburg-American line, and three other officials of the line, under indictment on charges of conspiracy to defraud the government, was devoted to selecting a jury before Federal Judge Howe. The government alleged that the defendants secured false clearance papers for steamers sailing from New York with supplies for German sea raiders in the Atlantic during the early part of the war. The trial is the first important one in connection with the various conspiracy charges made against German and Austrian agents in this country.

Indicted with Bueuz, and appearing as defendants are Adolph Hochmeister, purchasing agent of the line; Joseph Poppenhause, a second officer in the employ of the line, and George Kotter, its superintendent. A fifth man, Felix Seffner, an alleged super-cargo of one of the supply ships, was indicted but has not been arrested.

Although many of the government's allegations have been conceded by counsel for the defense, it is expected that the trial will last a week, as one hundred witnesses are

NERVOUS WOMEN.

IT'S THE SAME EVERYWHERE IN OHIO.

Cambridge, Ohio.—"I was nervous, run down and in bad shape. I had female trouble and took Dr. Pierce's Favorite Prescription to build me up and as a nerve. It helped my heart and nerves and did me good."—Mrs. D. L. E. TURNER, 825 Turner Ave., Cambridge, O.

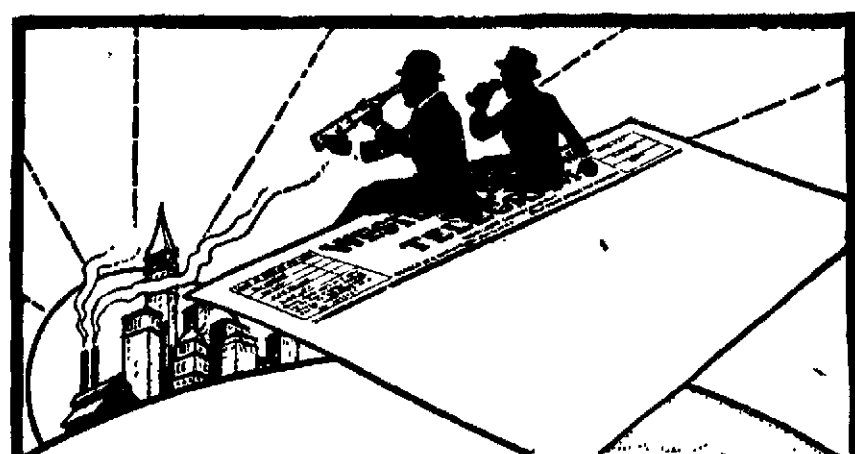

Dr. Pierce's Favorite Prescription is and has been for over forty years the medicine that every woman needs when passing through the changing years. It is not a secret prescription, for its ingredients are printed on the wrapper; it's a temperance medicine. Not only does it build up the entire system and make it strong and vigorous enough to withstand the organic disturbances, but it has a quieting effect upon the feminine organism that reduces the distress to a minimum. For any womanly ailment, disease or complaint, no matter of how long standing, we advise anxious women to get Dr. Pierce's Favorite Prescription, in either liquid or tablet form.

THIS BOOK EXPLAINS. If you will send three dimes or stamps, to pay for wrapping and mailing, and enclose this notice, Dr. Pierce, "The Invalids' Hotel, Buffalo, N. Y., will send you a revised copy of his Common Sense Medical Adviser, in plain binding, 1008 pages, with color plates. Just what you need in case of sickness or accident. Treats of Physiology, Anatomy, Sex problems, Marriage relations, Hygiene, Exercise, Diet and its prevention.

Dennison Shop Team Falls Before McDaniel's Squad; Goal Crossed Four Times

Football fans who braved the bleak winds which swept Wehrle field Sunday afternoon had the satisfaction of seeing the best football contest witnessed this season on that gridiron. The McDaniel eleven defeated the Dennison, O., shop team by a score of 26 to 0. Four touchdowns and two goals made the points for Newark but the score doesn't indicate the splendid offense and defense put up by the visitors. The Dennison team was defeated but the Newark boys knew they had been in a football game when the timers' whistle sounded at the end of the last period.

The weather was bitter cold for football but two bonfires along the sidelines, proved popular with men and women alike and did much to make the cold wind endurable. Newark won the toss and chose to receive the kickoff. John McCarthy took the ball and returned it five yards before being tackled. Orr made five yards more when Newark fumbled and lost the ball.

Dennison's attack against the line failed to produce the desired results and a forward pass, Criss to Matthews, for 15 yards gave them their first down. Other short gains with a forward pass for five yards failed to make the 10 yards and Newark took the ball on downs.

Gains of two to five yards by Leonard, Hager, McCarthy and Orr with a forward pass from Orr to Davis placed the ball in position for scoring and McCarthy crashed straight through the line for the first touchdown. Hager kicked goal.

Soon after the kickoff, Dennison fumbled without having made a gain, leaving the ball in the enemy's territory and in possession of Newark. Leonard, Orr and Hager advanced the ball to the three-yard line where Leonard was pushed over the goal line for the second marker. Leonard kicked goal.

D Sullivan returned the ball 10 yards on the next kickoff when time was called for the first quarter. A minute later, Criss received a pass from Sullivan, gaining 15 yards. Lane made five more, and a pass from Smith to Lane made 20 yards more. Here Dennison fumbled but quickly regained possession of the ball. A forward pass was intercepted a few minutes later and on the first play Orr made 15 yards. Leonard made two more and McCarthy added 15. Newark was penalized for offside and failed to gain on two plays and Orr punted on the fourth down. The punt was blocked and Orr fell on the ball. Newark still retaining its possession. Leonard, Hager and Orr gained 15 yards, then Orr shot a 25-yard pass to Davis. Newark fumbled on the next play. D Sullivan made two gains netting 15 yards when time was called for the end of the second quarter.

At the opening of the third period, Dennison received the kick-off. Lane returning the ball 10 yards. Orr gained 15 yards. The forward pass failed twice and on the third play, Dennison fumbled but regained the ball losing five yards. Smith punted 20 yards to John McCarthy.

McCarthy, Leonard, Hager and Orr on a succession of plays gained 42 yards, when Davis regained a fumble which had been carried five yards forward. Hager and Orr gained seven and Orr sent a forward pass to Davis for fifteen yards and a touchdown. Hager failed to kick goal.

Soon after receiving the kick-off, Dennison tried the forward pass successfully. Smith to Lane and Smith to Criss gained 15 yards each. Line plays failed to gain the distance and Newark took the ball on downs. McCarthy, Orr and Leonard made fourteen yards when D Sullivan interrupted a forward pass. Hinger duplicated the feat on the first play, and the third period ended.

A series of gains which netted 41 yards, all on straight football ended by sending James McCarthy over for a touchdown.

When Orr punted out to kick goal, he put too much steam behind the boot and the ball carried beyond the Newark players and there was no attempt to kick goal.

Newark had already sent in most of the substitutes and when the ball was put in play again, the Newark back field and line was composed largely of second string men. Newark soon got possession of the ball on an intercepted forward pass. Gilmore and Orr gained six yards on three plays and Orr punted. O Sullivan carried the ball 15 yards and a forward pass. Smith to Criss, netted 15 more. It began to look as though Dennison would work the ball into the danger zone when the last period ended.

The lineup:
Newark. Denison.
Davis, L. e. Criss, L. e.
Smeltz-Martin, L. e. Lane, L. e.
T. Martin-Leedy, L. e. B. Bowden, L. e.
Hinger, C. e. C. Bowden, C. e.
Williams, R. g. O'Dell-Quailey, R. g.
Long-C. Wallace R. t.
Jenkins-Jno. McCarthy-Barrick r. t.

Leonard-Orr, L. h. T. Matthews, L. h.
Hager-James McCarthy, R. h.
Gow, R. h.
John McCarthy-Gilmore, f. b.
Smith, f. b.

Summary—Touchdowns—John McCarthy, Leonard, Davis, Jas. McCarthy. Goals from touchdowns—Hager, 2. Goals failed—Hager, Orr, Referee—Mr. Koblen. Umpire—Mr. Hardin. Timers—Mr. Snee and Dr. Russel. Time of period 15 minutes.

NEW PLAYS TO BE TRIED ON MARTINS FERRY

The McDaniel's team will practice Monday and Wednesday evening at Sixth and Main streets, to prepare for the Thanksgiving day game with Martins Ferry which will be played at Wehrle Park. Captain Kiely has evolved a number of new plays and formations and these extra practice sessions are for the purpose of perfecting the plays.

Thursday's game will be called at 3 o'clock to give everyone an opportunity to finish the big turkey dinner. The game promises to be even better than the Dennison game Sunday.

WILL ATTEND ANNUAL PARTY OF HIS CLASS

Mr. F. S. Clement, of the Conrad Grocery Co., left for New York City last night to arrange the agency of the Austin, Nichols & Co., Sunbeam brand of goods for his store. Incidentally while in New York Mr. Clement will secure a first part setting for the Elk minstrel to be given in this city after the holidays.

Mr. Clement will also visit Boston and Wednesday night will attend the annual beefsteak party of his class at the Thorndike hotel, 60 out of a class of 90 having signified their intention of being present. The Newark man is on the program for a response to a toast and is also a member of this year's quartette.

EAGLES START REHEARSALS FOR THEIR MINSTREL

The first rehearsal for the forthcoming production of the Eagles minstrel was held Sunday afternoon in the second story of the new Burrell block in South Second street. There was a large attendance and a great deal of interest was manifested.

The minstrel will be given at the Auditorium on the evenings of Dec. 6 and 7, under the personal direction of Geo. "Pop" Sank, an old time minstrel man, who with his nephew, Steve Berrian and Miss Ollie Smiley of Columbus, the latter acting as musical director, are in the city to participate in the rehearsals.

Three Cigarette Faults to Avoid

First, avoid cigarettes that don't just suit your own taste.

Second, avoid those that bother your throat or tongue.

Third, avoid those that make you "feel mean" after smoking all you want.

If Fatimas, for instance, seem to you to be guilty on any one of those three counts, we say, avoid Fatimas.

We mean what we say—for, when it comes to the taste, Fatimas can't possibly please everybody—no cigarette can do that. But Fatimas do please more men than any other cigarette costing over 5c.

That's one reason why you should try them.

Another reason is because they are so SENSIBLE—so free from any "after-feeling."

If you want to know exactly what a "sensible" cigarette is, just try Fatimas by these two tests. Do that little thing today—you'll be glad.

Loggia's Mypetroleum Co.

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is one of the most important factors in the choice of a cigarette. But there are other qualities that you should look for in the cigarette. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette. Draw in a cloud of smoke—a small, ordinary puff. Hold it in your mouth for a few seconds. Let it "cool" around your tongue. If the cigarette contains a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel cool to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains interior grades of tobacco or hidden strands of rank, oily leaf, you will feel a burning sting at the tip of your tongue or that "sawdust" tickle in your throat.

Test number two—How do you feel after smoking all day?

If the tobacco in the cigarette includes a correct proportion of mild grades—all of the various grades have been properly blended as to bring out the best qualities in each of the different types of tobacco, you will be able to smoke practically when you feel like it, through the day without feeling any effect from it.

But with another cigarette in which the tobacco is less skillful, even though the tobacco are of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having "smoked too much."

Clip out these tests and try them on Fatima.

TANLAC SCORES AN IMMENSE HIT ON THE FIRST DAY

NEWARK PEOPLE QUICKLY BECAME GREATLY INTERESTED IN THE MASTER MEDICINE.

Cooper's Representative Highly Pleased With Enthusiastic Reception.

The demand in Newark for Tanlac the celebrated new medicine that is accomplishing such astonishing results in so many instances of stomach, kidney and catarrhal troubles, is already great. All of Saturday scores of persons visited Frank D. Hall's drug store to inquire about the medicine, to see how the preparation is distributed and to learn just what Tanlac looks like. The beginning of the introductory sale was, therefore, the most remarkable thing of the kind ever seen in this city. Mr. Hall, proprietor of the Frank D. Hall Drug Store, where the Master Medicine is being introduced by the Tanlac man, said:

"We have been agreeably surprised by the demand for Tanlac. While we were familiar with the great success the medicine had achieved in other Ohio cities and elsewhere, we had no idea its popularity would become so great in so short a time, nor did we expect such gratifying results. Tanlac apparently appeals to the best element of our people, who are able to judge impartially, and give a fair decision of its merits. The demand already is surprising among some of our older men and women."

John B. Gaines, personal representative of L. T. Cooper, who is directing the introduction of his Master Medicine here, said in this connection:

"It is just as I expected. Tanlac's reception in Newark is no more enthusiastic that it has been in other cities where the Master Medicine has been introduced. Tanlac's success here will grow greater steadily. When the people of Newark realize that Tanlac is a medicine of more than ordinary merit they will not be slow to show their appreciation."

Tanlac has proved beneficial to thousands of persons suffering from stomach, liver and kidney troubles, nervous debility, sleeplessness, lack of appetite, coughs, colds, catarrhal troubles and diseases of the mucous membrane. It is now being introduced in Newark at Frank D. Hall's drug store, where the Tanlac Man is explaining the new remedy—Adv.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

YOUTH KILLED AT FOOTBALL, IN W. VIRGINIA

WAS A FIRST COUSIN OF MRS. CHANDLER TUCKER OF HUDSON AVENUE.

Lad Told Mother He Would Win the Game or Die Upon the Field.

Mrs. Chandler Tucker of Hudson avenue has received word of the death of her cousin, William Parker, 20, of Wheeling, W. Va., who was killed in a football game at Buckhannon, W. Va., on Saturday.

The young man was captain of the Wheeling high school football team and had been for four years. The game scheduled for Saturday was the big game of the season and in leaving home he remarked, "I would win the game or die on the field." His head was injured in the first play but he remained in the game until near the close of the first half. He died an hour later from hemorrhage of the brain.

He resided on the Island in Wheeling and was to have entered the wholesale produce business with his father when he was graduated in June. His brother, Joseph Chandler Parker, was graduated from Wooster university two years ago and has many friends in Newark.

ALL-OHIO TEAMS FIND DENISON REPRESENTED

With the closing of the football season, the usual selection of the mythical all-Ohio football eleven has been made by sport writers over the state, and Denison this year contributes two players to nearly every selection, three being chosen by some of the sport writers. These men are Thiele, Rupp and Ladd. The first two named are almost the unanimous choice for end and half back positions.

The Dispatch places Thiele at end and Rupp in the back field without argument. Among those given honorable mention are Ladd at quarter, Brock at end, Clary at tackle, and Hickman at fullback.

The Cleveland News selects Thiele and Rupp for the mythical eleven in which Ohio State is included in its consideration, and the same men with Clary added, in considering all other Ohio eleven but Ohio State.

The Enquirer places Thiele and Rupp on the first team and Brock, Barrington, Meredith, Ladd and Hickman on the second team. The

paper gives a list of subs which does not include any Denison player.

The Cleveland Leader selects Thiele and Rupp on the first team and no other Denison man on the second team.

The Cincinnati Times-Star's selection names the same men and adds Hickman for the full back position, no Denison man being selected for the second team.

The Plain Dealer selects Thiele and Rupp, besides placing Brock at end and Meredith at tackle. This selection is made without considering Ohio State on the theory that State should be considered a western conference team.

The Dayton Journal places Ladd, Thiele and Rupp on the first team and Brock on the second.

The Tribune adds Hickman to the full back position after placing Thiele and Rupp at end and half-back. Ladd is given the quarter-back position on the second team.

PAN HANDLES TO MEET ALL-STAR NEXT SUNDAY

Roudebush and Reese, stars of the 1914 Denison eleven, will play on the All Star team which meets the Columbus Pan Handles at Columbus next Sunday, according to announcement made in Columbus today. Butterfield of Miami, universal choice for an all-Ohio team is another star. Others are Cherry, O. S. U., Gardner, Carlisle, Axtel, all-Ohio end a few years ago, Powell, O. S. U., Kagy, Reserve and Drumm, present coach at Marietta.

WEST POINT WINS ANNUAL CONTEST WITH NAVY TEAM

New York, Nov. 29.—West Point defeated Annapolis by a score of 14 to 0 Saturday in a game witnessed by 44,000 people, including President Wilson and his fiancée, Mrs. Norman Galt. Oliphant, former Purdue star, scored both touchdowns for the Army and kicked both goals. The game was played in a drizzling rain.

Canton Downs Massillon

Canton, Nov. 29.—Canton professional football team won from Massillon Tigers here yesterday in a game played for state professional honors, by a score of 6 to 0. Canton's scores came on a field goal and a kick from placement by Jim Thorpe, the big Indian who starred at Carlisle.

EXPLOSION OF NATURAL GAS AT GRANVILLE

TWENTY FEET OF THE FOUNDATION BLOWN FROM UNDER DWELLING HOUSE.

Gas Had Escaped Into Cellar From a Sewer—Leak Discovered By Striking Match.

(Special to Advocate.) Granville, Nov. 29.—A casualty which narrowly escaped being a fatality occurred yesterday afternoon at the home of Mr. "Alec" Roberts, in Summit street, just east of Pearl street, when about twenty feet of the foundation was blown out by a gas explosion in the cellar of the house. It has been noticed for some time that there was an escape of gas through the sewer, but efforts to locate it were unavailing until Mr. Harry E. Thomas, contractor, was summoned. He went to the cellar of the Roberts house and at once discovered the trouble by the simple and direct method of striking a match. That he himself escaped injury in the terrific explosion which followed, seems like a miracle. Discovery has been made that the gas line on College street has been "tapped" by unauthorized parties, and also that Broadway serves one or two such cases.

The Thanksgiving recess ended today and once more the old college bell is marking time not only for students but also for townspeople, who miss its hourly summons when its voice is silent. Students have returned and visitors have departed, leaving things very much as they were before the holiday.

The Swartz house-party is breaking up gradually. Today Mrs. Elizabeth Edmonson Lambert returned to her home in Pontiac, Mich., accompanied by Miss Vivian Critchfield of Chicago, who will remain with her for a week's visit. Miss Dorothy McCann and Miss Bess Billman also left today for their homes in Dayton.

Miss Clara Sheldon, who belonged to the Babb-Swartz bridal party, left last evening for her school in Middletown.

Miss Ada Roudebush of Newtonville, who has been one of the house-party at the Swartz residence, left today for her home.

Miss Claire Geach, who spent the Thanksgiving recess with her parents, Mr. and Mrs. John Geach, has returned to her school in New Lexington.

Members of the Engwerson Chorus at work on "The Messiah" to be presented on December 12, should be in their places for every rehearsal which remains.

Dr. and Mrs. R. S. Colwell, who went to Cincinnati on Friday, have returned to their home in South Prospect street.

Mrs. W. B. Evans, who attended the wedding of her sister, Miss Dorothy Swartz, on Friday evening, has returned to her home in Hebron, accompanied by her sister, Mrs. Frank Withoff of Georgia, who will visit her for a few days.

Dr. George A. Dorsey, after a pleasant four days visit at the home of his parents, Mr. and Mrs. E. J. Dorsey, has returned to his home in Chicago.

Mrs. A. S. Ullman of Loudenville is visiting at the home of her cousins, Mr. and Mrs. W. P. Ullman in North Pearl street.

The W. C. T. U. held its regular meeting on Friday afternoon at the home of Mrs. Henry Palmerston in East Elm street with a large number in attendance. The president, Mrs. John McClam, led the devotional service and announced Mrs. J. G. Ewart as leader of the program. Mrs. Ewart's general topic was "Evangelical Work," and her particular application was "Prayer," which she considers the most powerful factor in the work of the W. C. T. U. Prayers were offered by Mrs. Wood, Mrs. Howe, Mrs. Yingling, and Mrs. Meyers. Miss Abbie Davies gave a reading entitled "Prayer," and several songs were sung by the company. The next meeting, on the fourth Friday, will be held at the home of Mrs. Jenkin Jones.

Mrs. Edward Wright gave a charming afternoon tea Friday at her home in East College street, which was enjoyed by the following guests: Misses Lily and Myrtle Jones, Miss Blanche Houston, Miss May Stark, Miss Belle McDonald, Miss Gertrude Carpenter, Miss Evans, Miss Evangeline Davies, and Miss Abbie Davies.

The Bible Conference to be held in the Fifth Street Baptist church in Newark, beginning this evening and closing Wednesday evening, is of interest to church people in Granville. Dr. J. C. Masse of Dayton will be the preacher each evening. Prof. A. T. Robertson, D. D., of Louisville, Ky., will give four Bible lectures on Tuesday and Wednesday. On Wednesday afternoon Rev. Millard Breisford will give a paper on "The Bible in the Church."

In the absence of Miss Lolla C. Brown, organist and chorister of the Baptist church, Miss Eva Wright presided at the organ and Prof. E. P. Johnston directed the choir for Sunday's services.

FRAZEYSBURG PEOPLE SUED FOR DAMAGES

Zanesville, O., Nov. 29.—The trial of a \$10,000 slander suit from Frazeyburg started in common pleas court this morning before Judge J. M. McGinnis of Caldwell and a jury. The plaintiff in the action is Ella Freese and her attorneys are Andrews and Kuntz. The defendant, Samuel Huffman, is represented by Attorneys O'Neal and Riley. Over 50 witnesses have been subpoenaed.

The belting used on machinery in the Russian oil fields is made of camel's hair, reducing grease better than rubber, leather or cotton.

REHEARSALS PROGRESSING SPLENDIDLY

Rehearsals for the Eagles minstrels are being held nightly and great progress is being made. "Pop" Bank of Columbus, assisted by Steve Berrian, a comedian with a country-wide reputation have charge, and this assures the public that the minstrel will be above ordinary, one of the best ever given by an amateur company.

Win Griffith and Enoch Somers, two of Zanesville's famous comedians, have been secured to assist the local Eagles and they will have a prominent part. Mr. Oscar Stanton will act as interlocutor for the two noted fun makers and his many friends will be glad to welcome him when he makes his appearance before the footlights, as he has a reputation of being one of the best middlemen in the country.

The costumes are said to be elaborate and the special scenery was designed by Sanks & Berrian, especially for entertainments similar to the one which will be given in this city. The electrical effects are new and novel and well worth seeing.

The minstrel is for the benefit of the convention fund of the Eagles and no doubt will be liberally patronized. The dates are Monday and Tuesday, December 6 and 7. Be sure and reserve your seat as there will be fun and jolity for all.

MUCH INTEREST IS AROUSED IN TRINITY MISSION

The mission being conducted at Trinity church by Rev. H. H. D. Sterret, of Columbus, as missionary, has already considerable interest. Two good audiences greeted the preacher yesterday.

Mr. Sterret's object would seem to be, first to recall the people of Trinity and of the city generally to the inherent desire of the human soul for the knowledge and love of God, and secondly to show how this desire may be satisfied by knowing and obeying our Blessed Lord and His church.

Mr. Sterret's preaching, while in no way sensational, is earnest and forceful. No attempt is made at agitation or destruction but is entirely constructive.

The emphasis is placed on the "Thou shalt" and not on the "Thou shalt not."

Meetings will be held at Trinity every evening during the week at 7:30 o'clock and all are invited.

A Week of Prayer will be observed at Plymouth Congregational church from November 29 to December 5. William W. Newell, D. D., national leader of Congregational Forces, is to preach, Sunday, December 12. Sermon topics for week of prayer: Monday evening—The Passover into the Kingdom of God. Tuesday evening—Where Christ Would Fall. Wednesday evening—Reverence and Friendship toward God. Thursday evening—Judging Others.

Friday evening—The Taciturnity of Jesus. Saturday evening—Things Immoveable. Sunday evening—Rolling Away the Stone.

GROVER L. DIEHL, Minister.

ATLANTIC FLEET PREPARES TO SAIL; LEAVES RECALLED

New York, Nov. 29.—Officers and sailors of the battleships of the Atlantic fleet which have been anchored in U. S. Hudson river for several days were today recalled from shore leave and preparations were made for sailing. Some of the battleships will proceed to the southern drill grounds off the Virginia capes, while others will go to navy yards for overhauling.

The football championship of the Atlantic fleet will be decided by a game between the eleven of the Wyoming and the New Hampshire on Wednesday. The Wyoming eleven is champion of the West and the New Hampshire boys by defeating the South Carolina eleven 19 to 0 in a game played in Brooklyn yesterday.

BELIEVE LUMBER STEAMER IS LOST.

(Associated Press Telegram) Seattle, Wash., Nov. 29.—The 211-ton steamer Toledo, which left two weeks ago, with cargo of flour and lumber for Mexico, via San Francisco, is believed to be lost. Nothing has been heard of the vessel since she passed Cape Flattery last Friday.

ITALIAN REPORT.

(Associated Press Telegram) Rome, Nov. 28, via Paris, Nov. 29.—Further progress has been made by Italians northwest of Gorizia, near Salavina on the Carso plateau, says the official statement issued today at the headquarters of the general staff.

There are now more than 2,000,000 prisoners of war in Germany and Austria, says a dispatch from Frankfurt-on-the-Main. Of these all except 350,000 are Germans.

Most men like Fatimas—but maybe you won't

Fatimas please so many men that they outsell any other cigarette costing over 5c.

But it may happen that your taste won't fit Fatimas. That's nothing against you. Nor against Fatimas.

But if your taste does fit Fatimas, you can feel

doubly grateful. For of this you can be sure—Fatimas are cool and friendly to the throat and tongue. And they will never leave you "feeling mean" as long as you smoke within the bounds of reason. These tests show you how to prove this.

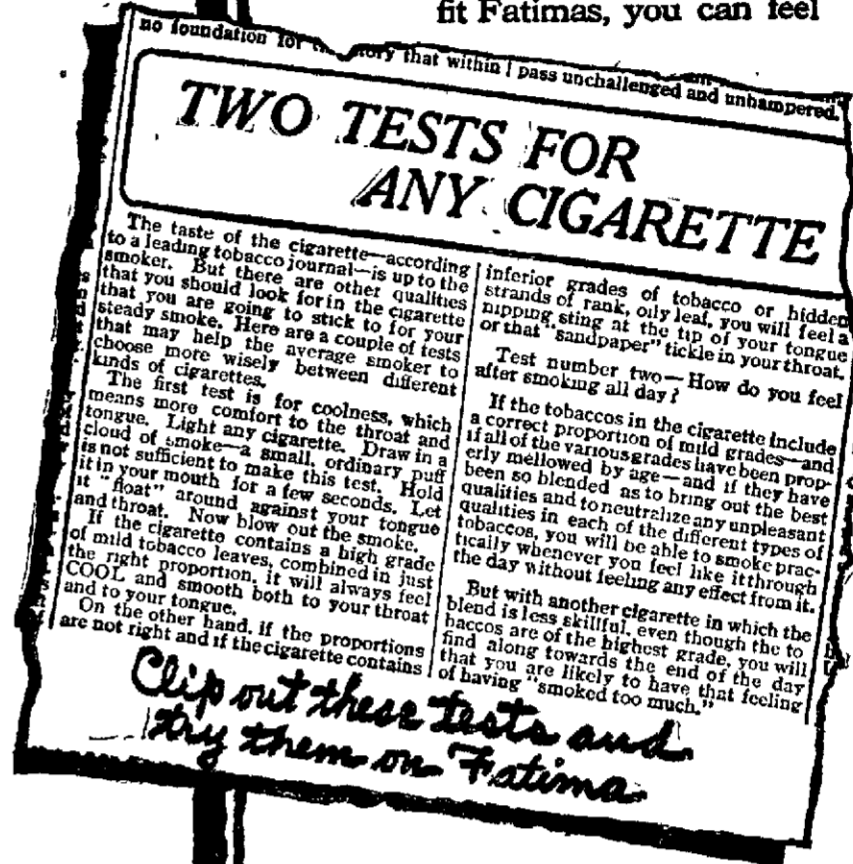

Because Fatimas are cool and because they can be smoked freely and often—they have rightly earned the title, "The Sensible Cigarette."

It simply remains for you to see if their taste suits you as well as it is suiting thousands and thousands of other men. Test Fatimas today.

You may find that their taste is exactly what you've been looking for in a cigarette.

Zanesville Resident Says Nerv-Worth Worked When All Tonics Failed.

In one of the Zanesville Nerv-Worth endorsements printed in these columns the following eloquent words appeared:

"After taking Nerv-Worth just two weeks * * * I gained 6 1-2 pounds. * * * New strength came with new flesh, my nervousness disappeared, good restful sleep came back. Nerv-Worth sets all the credit when other medicines had failed entirely."

The statement was made by Mrs. Nora Owens, of Zanesville. It is one of many that have proved the superiority of Nerv-Worth over all other, nerve builders. There's no shadow of doubt on this score. When everything else has failed take refuge in Nerv-Worth. Sold on guarantee at the T. J. Evans' Drug Store. \$1 a bottle.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

ESTABLISHED IN 1870

Entered as Second Class Matter
March 10, 1882, at the Postoffice at
Newark, Ohio, under Act of March 4,
1879.

Mrs. Galt may be able to trim her
own hats, but it is believed she will
draw the line on pressing the Presi-
dent's trousers.

The big cities are showing their
love for music by attending the
operatic performances having the
most agile toe dancers.

After sending a boy to college to
acquire fame by his brains, one finds
it much more apt to come through
the length of his drop-kick.

It would be too bad if Congress
bought a wedding gift for the Presi-
dent that was too big to go through
the White House front door.

Some people's idea of public spirit
is using their massive brains to
criticize whatever other people may
do for the public benefit.

After taking special care to get
handsome appearing fur topped
shoes, some of the women seem an-
noyed that people will look at them.

The fact that white stockings are
conspicuous does not seem to be any
obstacle in the way of the people
who are trying to make them more
popular.

Perhaps the dancing craze would
not have died down quite so quickly,
if there were not so many men will-
ing to let a nice girl remain a wall-
flower all the evening.

The Congressmen are waiting only
for the time when they get a public
building for all the towns of their
district, before they adopt a policy of
strict economy in the matter of ap-
propriations.

Investigating committees are look-
ing over school buildings in many
places as the result of the recent fire
horrors. After a report recommending
fire escapes and other safe-
guards is made and pigeon holed,
everyone feels a lot better.

A man who was being taken to
ride by an automobile demonstrator
was asked where he would like to go.
He suggested a drive to the Alms-
house, which was not inappropriate,
considering the high charges for de-
preciation, gasoline, and tires.

Advertising the Churches.

It was reported at the Middle
States Unitarian conference at Pitts-
burgh, Pa., a few days ago, that de-
nomination had increased its distri-
bution of pamphlets the past year by
200,000 copies. Also the churches
were reported to be using a good
deal of newspaper advertising. Evi-
dently this denomination realizes the
value of printer's ink and publicity.

The newspapers are always gen-
erous about free notices for the
churches. At the same time they
are under no more obligation to con-
tribute service free than are the mer-
chants to give the carpets, fuel,
lights, and other supplies.

It costs money to print a news-
paper, just as its costs money to
print hymn-books, or to make a
cook stove for the church parlor.
The newspaper man is under obli-
gation to be generous to a good pub-
lic cause, just as are all other busi-
ness men.

Revenue Revolution
Inevitable.

(Cincinnati Enquirer.)

Amid the discussion preliminary
to the meeting of Congress upon the
subject of meeting the Treasury
deficit and making financial plans
for the future, the thought is not
upon a sound basis for revenue. The
great European war has decisively
upset both the Republican and Dem-
ocratic systems of support through
custom house receipts. If the pro-
tective tariff today were higher by
50 per cent than the most extreme
laws of the past, little would be ad-
ded to the income from imports, thus
disposing of the Republican preten-
sions. If the present schedules were
lowered 50 per cent the negative re-
sult would be the same. The reason
is identical for both—lack of im-
ports. If no goods are brought in,
no custom duties can be collected.

Tariff schedules cease to have value.
Both of the political parties are
pleading that when the war ends
their separate remedies will again
become efficacious. Accepting both,
it is fair to ask the question: For
how long will their efficacy last?
Only until the next "abnormality"
disclose itself! Wars have a queer
trick of recurrence. Exiles to Elbas
return to conflict in spite of threat-
ened St. Helenas. The present giant
human massacre has demon-
strated generally that many wise
men knew as individuals; i. e., that
a financial budget system based upon
foreign trade is a house built upon
sand. The longer the war lasts
abroad the more complete will be
the demonstration of this assertion,
because the deficit in governmental
income will steadily increase. This
condition presents the paradox of a
prosperous people whose Government
alone is excluded from its share of
their good fortune. Money is plen-
tiful everywhere save in the public
treasury.

Next month Congress will have to
provide temporary measures of re-
lief for current expenditures and
then look about it for the organiza-
tion of a completely new departure
in revenue producing laws. It is to
be remembered that in addition to
the mere matter of providing for
household bills the national legisla-
ture must find sources for the sup-
port of the expected program of mili-
tary preparedness, the cost of which
is estimated at one billion dollars as
a beginning. Use of the Republi-
can curtail, high protection, or the
Democratic tariff for revenue only,
will be futile in the treatment of this
case of financial anemia. The one
idea, or single-tracked mind, tariff
pleaders of both parties should be
sent packing and advice sought from
other schools of thought in order to
make provision for the coming great
change, which conditions make in-
evitable. The country will have
willy-nilly to learn to support itself
internally.

When this has been accomplished
then will come the time to develop
not a scientific, but a fair and logi-
cally protective tariff. Neither politi-
cal parties nor administrations will
be frightened in those days by the
fear of deficits created by an effort
at proper adjustment of customs
duties, but will calmly consider com-
mercial conditions, free from the
sordid thought of selling protection
where it is not needed in order to
secure money for governmental and
partisan purposes. Nor will there be
any need for expensive tariff com-
missions, trade relation bureaus and
all such stuff and nonsense. Emancip-
ated from the tyrannical rule of the old
selfish system, the average Congress-
man can be trusted to deal fairly
with the subject. It will then be
truly, as General Hancock said prop-
hetically, a local question.

Spirit of the Press

Where Boys Still Are Boys.
"Robinson Crusoe" won first place
easily in a book-popularity contest in
the schools of Menominee, Mich.
Evidently there is one place on the
map of the United States where boys
still will be boys, despite the pre-
cocity of the age and multiplying cig-
arettes and devil-wagons. —New
York World.

Child Labor in Georgia.
Efforts to persuade the Georgia
legislature to create the office of
factory inspector to enforce the new
Child Labor law are reported to have
failed. Was it not in Georgia that
the governor spoke recently of a cer-
tain feeling—he would not call it
chivalry, he would not call it any-
thing else—which caused Georgians
to lose their heads when they saw a
child maltreated?—New York Evening
Post.

A Unique Philadelphia Orchestra.
Philadelphia has the distinction of
supporting a harp orchestra. A mu-
sical organization of this character
is doubtless very unusual as a per-
manent institution, although a band
of harps only may have been heard
occasionally both here and abroad.
The orchestra, consisting of 14 harp-
ists, is composed entirely of women
and girl players who have been
banded together through the en-
deavors of a local musical club. Its
concerts are strikingly new to Phila-
delphia and have attracted consid-
erable interest. —Popular Mechanics
Magazine.

Spain Honors Cervera.
The other day Cervera's remains
were interred in the Pantheon, at
Madrid, under a monument with this
inscription: "Here rest, in this
sacred spot, the mortal remains of
Vice Admiral Cervera, a gallant sail-
or, a man of honor, faithful, up-
right, a model of abnegation, cour-
tesy and all the Christian virtues."
Americans, who never at any time
failed to see the glory of Cervera's
forlorn hope charge at Santiago, and
who have never failed in paying due
honor to the living man, and the
dead man's memory, feel a satisfac-
tion at this belated tribute from his
own country, to one who wrote a
glorious page in its history in mak-
ing a hopeless sacrifice, of which the
disastrous end still justified the
heroic means. It can now be said
that, had Cervera failed in 1898,

that very thing for which he was
once the most condemned in Spain,
Spanish honor would be blotted and
the body of Cervera would not rest
in Spain's Pantheon.—St. Louis
Globe Democrat.

The Associated Press.
A remarkable instance of the ac-
curacy and speed with which the
newspapers collect election returns,
either through the Associated Press
or private agencies, is reported from
Boston. At 3:20 a. m. on Novem-
ber 3, the day after election, the As-
sociated Press announced that Sam-
uel W. McCall had been elected gov-
ernor of Massachusetts by a plurali-
ty of 6363 votes. The official count
just concluded gives this plurality as
6376, a difference of only 13 votes.
We cannot equal that record here in
Pennsylvania, and it is doubtful if it
has ever been matched before.—

Rippling Rhymes

Such Is Life.
I had a stately pony, the smooth-
est nag alive, no feature of his
phony, and safe for girls to drive.
His skill at fancy pacing was known
both wide and well, and folks were
always chasing, and asking me to
sell. They offered fancy prices, and
dangled me every place, and often
branded slices of money in my
face. "I'll keep my nifty charger,"
I said, "He's not for sale, though
larger still and larger you make your
rolls of kale. I'll put no price upon
him, nor value him in bones; I treas-
ure him, doggone him, far more than
precious stones." At last I was per-
suaded to buy a motor car, in which
I have paraded around the busy
mart. I said, "I'll sell my pony, for
steeds are out of date, and what he
brings in money will help to pay the
freight." I thought that many a buyer
would lustie to my door, and bid
the price up higher than an ace. It was
before, but not an eager duffer came
round to put up ice, and no one
seemed to suffer for nags at any
price. No person wished to cop him
at bargain counter rates, and so I had
to swap him for rusty roller skates.
And in my mind has jaunted this
thought, until it's stale: A thing is
seldom wanted, unless it's not for
sale.

THE LEANING TOWER OF EUROPE

CONFERENCE

FOR BIBLE STUDY OPENS TO-
NIGHT IN THE FIFTH ST.
BAPTIST CHURCH

Good Speakers On Program—Chris-
tians of All Branches of Evan-
gelical Church Interested.

The opening session of the Bible
Conference will be held tonight at
the Fifth Street Baptist church at 7.
The Conference will be called to order
by the pastor of the church, Rev.
Charles H. Stull, Ph. D., and the
Rev. T. F. Chambers of Granville,
who is Secretary of the Ohio Baptist
State Convention, will be the
first speaker.

Mr. Chambers was elected to fill
the position held by Dr. C. J. Rose
for about a dozen years, at the Con-
vention meeting held in Wilming-
ton. He was formerly pastor of the
First Baptist Church of Columbus.
His subject will be, "The Holy Spirit,
His Personality." He is a strong man
and a convincing speaker. Dr. J. C.
Masse of Dayton is the principal
lecturer and will speak each night
during the Conference. He is well
known as one of the best pulpit men
in this country.

Prof. A. T. Robertson will not
speak in the night sessions. His
hours during the day, are at 11:00
and 3:00 both Tuesday and Wednes-
day. The complete program was
published by The Advocate Saturday
night in the church page, and an-
nounced in most of the churches of
this city yesterday. Every session
will be of interest to Christians of
all branches of the Evangelical
church, and everything will be for
an increase of Bible knowledge.

People who live a little distance
from the church should carry their
own lunch baskets and eat in the
Sunday school room below, where
coffee, cream and sugar will be fur-
nished free by the ladies. No meals
however, are to be served, by the
church ladies. People should also
bring with them a Bible and a note
book, so as to make notations as de-
sired. The Tuesday session in the
morning begins at 9:00 o'clock and
runs to 12, the afternoon from 1:00
to 4:00.

in the city hospital dying as the re-
sult of taking poison.
She left a note asking forgiveness
for her rash act.

COLLISION IN CITY.

During the darkness which settled
so suddenly during the wind and rain
storm of Sunday afternoon two ma-
chines collided at the corner of West
Main and Fourth streets. One of
the cars was coming down Fourth
street and the other was going west
on Main. The heavier car escaped
with a broken fender, while the Ford
owned by a man living near Browns-
ville had the steering gear broken.
It was taken to the Hess garage for
repairs.

PARDON GRANTED
A MAN CONVICTED
OF MANSLAUGHTER

(Associated Press Telegram)
Columbus, O., Nov. 29.—Governor
Willis today granted a pardon to
Henry Windle, convicted of man-
slaughter in Athens county, Novem-
ber 1914. Windle was convicted of
killing a man during an altercation
over family affairs in which their
children were concerned. He has a
dependent family consisting of a
wife and six children. His pardon
is conditional that he abstain from
the use of intoxicating liquors and
report to the Ohio Penitentiary, as
if on parole for a period of five
years.

DR. A. T. FULTON
PASSES AWAY
AT MT. VERNON

(Special to Advocate.)
Mt. Vernon, O., Nov. 29.—Dr.
Abraham T. Fulton, died at 6
o'clock this morning at the Mt. Ver-
non Hospital, here, after only a
short illness of Bright's disease. Dr.
Fulton was a brother of Hon. W. D.
Fulton, Judge T. B. Fulton and Mrs.
J. B. Irish of Newark.

Dr. Fulton was born in Homer,
Licking county, and at the time of
his death was aged 62 years. He
studied medicine with Dr. J. E.
Russell at Mt. Vernon and then
studied at Denison, at Granville
and at Wooster and Oberlin. He
was graduated in medicine from
Ohio Starling Medical University at
Columbus, and has practiced until
his illness at Mt. Vernon.

Dr. Fulton never married and is
survived by 3 brothers, Judge T. B.
Fulton, Hon. W. D. Fulton, of New-
ark, and J. W. Fulton of Homer and
two sisters, Mrs. J. B. Irish of New-
ark and Mrs. William Chrisman of
Homer.

The funeral services will be held
Wednesday afternoon at 1 o'clock
at Homer and the burial will take
place in the Homer cemetery.

HEAR LECTURE ON
MOONSHINERS AT
JACKSONTOWN, O.

Attorney B. F. McDonald delivered
his lecture on "Moonshiners" at the
Jacksontown U. B. church last even-
ing. The church was well filled in
spite of the disagreeable weather
which prevailed. Those who were
present enjoyed the eloquent attor-
ney's lecture, which he has given over
the past couple of years. He was
introduced by Ed. M. Larson of this
city, who had charge of the meeting.
Rev. T. T. Buell had charge of the
devotional. The Court House quar-
tette composed of Messrs. Edward
Kibler, Sr., Bert O. Horton, J. W.
Horne and Mr. McDonald, furnished
a program of vocal selections.

Bulster's population is now 100,000.

WILLIS

DECLINES INVITATION TO AC-
COMPANY HENRY FORD'S
PEACE PARTY

On Account of "Affairs of State,"
Although a Second Urgent Tele-
gram Is Sent Him.

(Associated Press Telegram)
Columbus, Nov. 29.—Governor
Willis will not accompany Henry
Ford to Europe on the Ford Peace
commission trip. The governor to-
day telegraphed Ford that affairs of
state prevented him from leaving
Ohio at the time the expedition is
expected to be under way.

The governor sent his answer af-
ter receiving a second telegram from
Louis P. Loehner, New York, secre-
tary to Mr. Ford, urging him to take
the European trip. The message
follows:
"I sincerely hope you can shake
public business of Ohio, however im-
portant it may be, long enough to
serve the higher cause of humanity.
Mr. Ford Authorizes me to say that
while the length of the trip con-
templated is six weeks, he will be glad
to make arrangements for anyone to
return sooner if necessary. He will
provide transportation facilities at
his expense."

The governor explained he could
not well appoint a member of the
peace monument commission, whose
members he announced Saturday as
had been suggested, to represent
him, because Mr. Ford did not ask
him to name a substitute.

The governor's telegram was as
follows:
"Columbus, Ohio, Nov. 29, 1915.
"Louis P. Lechner, secretary to Hen-
ry Ford, New York City:

"Though interested in cause inter-
national peace, I nevertheless owe
first duty to Ohio, whose servant I
am. Important public business de-
mands attention. I must therefore
decline kind invitation to join peace
conference aboard Oscar II. Sincere
thanks for invitation. Best wishes
for success efforts to bring peace to
war-stricken Europe."

(the Mummy) Charles Cherry; Lady
Lumley, Lillian Tucker; Signor
D'Orelli, Arthur Hoops; Giuseppe,
William Sorelle; Emma (Giuseppe's
wife) Claire Zobelle; Ronalds, Chas.
Coleman; Ruth, Nina Lindsey.
In the adaptation of the celebrated
dramatic success, "The Mummy and
the Humming-bird," the Famous
Players Film Co. introduces another
famous Frohman star, Charles Cher-
ry. The drama is one of those rare
plays which permits an actor of real
ability to display the full force of
his histrionic power. "The Mummy
and the Humming-bird" recounts
the tragedy of a neglected wife who
seeks amusement in the company of
an unscrupulous Italian novelist, Sig-
nor D'Orelli, known as the humming-
bird, who seeks first-hand infor-
mation of the experiences and emotions
of which he writes.

Too Intimate.
"Where did you work last, and
how long?" demanded the Colonel.
"Did you quit of your own accord or
were you discharged, and—?"
"Looky yuh, boss," softly returned
Brother Sigmund. "I isn't probab-
ly married to yuh! I's a kid, for a job."

No Apple Show.

Ohio has just finished harvesting its biggest and best apple crop. Practically every county in the state has had a bountiful crop. Apples have grown so well and are so plentiful that growers found it impossible to care for the crop. The apples were so many that it was a question of selection for quality. This situation has not been present in Ohio for many years. Nature responded to the efforts of orchard growers. Protection of the birds for several years was the policy of the Agricultural Commission, the result was that the orchards were almost free from pests. Stimulation of orchard care was the preachment of the Agricultural Commission, who eliminated the graft from fertilizer conduct at headquarters and put the graft in trees on the farm. Members of the Agricultural Commission argued that Ohio could raise better apples on 550 an acre land, than western states could grow on 5500 an acre. While the Agricultural Commission was in existence and the full results of its teachings and its work could not be had Ohio had apple shows, and they were apple shows to be proud of. But this year when Ohio has more apples than Ohio has ever seen before the new State Board of Agriculture reports that it has wasted so much money through political conduct of affairs, through ignorance and mismanagement, and by the old fashioned, pass-graft fair, that there is no money for an apple show. Here's the way one friend of agriculture comments on it:

"Now come tidings that there is to be no state apple show. The State Board of Agriculture pleads no money. For several years Ohio has had a big apple show. It has been a powerful stimulant in reviving interest in fruit growing in this state. The State Horticultural Society co-operated with the Agricultural Commission. Last winter a monster apple exhibit was made at the state fair grounds. Last year the state fair cost \$75,000. The Agricultural Commission asked the legislature to appropriate \$88,500 for the state fair in 1915. This sum was \$11,500 in excess of the cost of the 1914 fair. Out of this excess enough money was to be used to put on the apple show. The new State Board of Agriculture not only spent the extra \$11,500, but they spent \$20,000 additional and illegally. Free passes. No fees. No apple show. Big shortage. Too much politics."

State Agricultural Board.

Samuel G. McClure, is a Republican state committeeman, who edits the Youngstown Telegram. He thinks the State Board of Agriculture might be better if it were made up of women. So much for Willis' farmer board. But here's what Mr. McClure says:

"Last winter the state legislature appropriated \$8000 for junior contest work in Ohio. The \$8000 was to be expended bringing champion corn growers to the state fair, financing a trip to Washington and giving a week's special training in domestic science to girls who excelled in baking and sewing. Now the word is sent forth by the State Board of Agriculture that the first two projects will eat up all the appropriation and the girls will get no special training. Last year 100 of them studied domestic science at the state university.

"Growing a lot of corn is fine but growing a lot of any crop would be a poor scheme if there were no one to cook it. Putting a couple of level

headed women on the State Agricultural Board might improve that body considerably."

Demand for Labor.

The demand for help made by employers on the state-city free employment agencies in the seven cities of the state where they are maintained, is still greater than the supply, according to the weekly report of F. C. Croxton, chief statistician for the industrial commission.

There were 3841 calls for help for the week ending November 13, and only 3322 of them could be filled. Of this number 557 requests for help came to the Columbus office, and 505 were referred to positions. Cincinnati was the only city where the supply was greater than the demand. In Cleveland there were calls for 1336 but only 1068 were referred to positions.

Here is a pertinent editorial paragraph that Harry Taylor prints in the Portsmouth Daily Times among other good paragraphs:

"The data of Democratic hard times is accumulating so fast that we can't begin to handle it all. We will just say that bank clearings are now running up to eight hundred and fifty million dollars a day, so much more than they ever did before that there isn't room here for the figures"

Growing Scarcity of Meat.

(Wall Street Journal.)
Meat consumption is growing rapidly. Vast armies are now consuming meat rations. They are at the same time contracting the meat habit. In addition, there is a great normal growth of population in the world at large. Whence is the meat coming to feed these people who, as the scale of civilization advances, are more and more demanding a diet removed from the more strictly vegetarian regimen of primitive people? War has enormously reduced the cattle supplies of Germany and its Austro-Hungarian allies as well as the sparser stores of the Balkan nations. Apart from the replenishment of these, remains the increasing need of other portions of the world. This world now looks to the uttermost parts of the earth for its hopes of meat foods. American supplies are not growing apace as they should be doing. A good year of crops allowing the fine feeding of cattle, does not mean permanently increasing supply. South American pampas promise vast flocks. Even here, increase is too slow. And the hopes for meats look to Madagascar and to Mongolia for supply.

Madagascar product for long years to come will be the monopoly of the French government. Russia has some 36,000,000 cattle in European Russia and approximately 15,000,000 in Asiatic Russia. India cannot yield cattle to outsiders. But a new field opens in Mongolia. That country, since the political changes in China, is open to outside commerce. With 3,000,000 large and 15,000,000 small cattle its potential is great. To tap these vast fields the Siberian railway of Russia and the Chinese Eastern railway furnish fine facilities. Given cold storage and refrigeration, transportation is assured. Distance is not greater than from Australia.

It is said that the rice diet of the Japanese is giving way to enlarged consumption of meat. Japan may draw its meat from Mongolia and thus release its importations of Australian meats. The latter will aid greatly to the supply of the western hemisphere. Even then, prices after the war seem bound to rise. And the supply from the steppes of Siberia and the mountainous slopes of Mongolia may largely assist what may prove to be a world-constricted situation in meats.

Spirit of the Press

Preparation for Thanksgiving. Find the passages in the Old Testament and New, such as Isa. 3: 13-15; Prov. 22: 22-23; James 5: 1-4, about God's demands for justice, and put this into your Thanksgiving thoughts in mind this verse has a

new significance: "Then shall the earth yield her increase." With such a bountiful earth, it is not reasonable or just that half the people on it should always be hungry. God's blessing and God's justice must mean that some day earth's bounties shall be shared more equally by men. Part of our praising should take the form of looking after this matter. — The Christian Herald.

Strong Maternal Instinct.
Daniel Jackson is the owner of a dog that has peculiar mother affection. Some time ago it lost two pups and at the same time Daniel was the owner of a mother rabbit which died and left two orphans. The dog at once took up the mothering of the two rabbits and has bestowed all of its mother love upon them. The dog will even fight for them.

Safety First in the Powder Mill!
In describing the du Pont industries in the December issue of The American Magazine Merle Crowell says:
"The larger buildings at Carney's Point, such as the dry houses, have galvanized iron chutes running from the upper floors to the ground. If fire starts, the workmen tumble into these chutes and slide to safety in a pile of sand and rod away from the base of building. They may land on one another's necks, and even break a few bones, but it is a dirt-cheap price to pay for the escape."

Scores a Court.
It is right refreshing to see the secretary of the navy "go for" a navy court martial that exonerated two commissioned officers whom it had just tried. He says: "I am unwilling to believe that the ideals of duty and responsibility of all members of the court are so low as to exonerate, etc." The department promptly disapproves of the verdict and is so vigorous about it that the officers composing that court must feel a special insignificance. Can it be one of those cases where the offenders are tried by their own companions who naturally possess a sense of sympathy? But the best part of the incident is Secretary Daniels' thorough disgust of the whole thing.—Ohio State Journal.

Rippling Rhymes

Grumbling.
I heard the farmer say, "The bean crop's far from fine, and I am short of hay—what rotten luck is mine!" He wore a dismal frown, and raised a bitter wail, and when he went to town, he told a hard luck tale. His wheat crop was immense, the corn was bumper, too; and by the old rail fence uncounted pumpkins grew. His cows were filling kegs with butter he could sell, his hens were laying eggs too numerous to tell. At covering their slats the hogs were doing fine, and yet "Doggone my cats," he said, "what luck is mine!" His Early Riser peas were gleaming in their pods; for whey and milk and cheese he took in many wads. No farmer, near or far, more blessings e'er enjoyed; he had his motor car, his teeth of celluloid. He had, in large amount, the things for which men pant; he had his bank account, his corkscrew and his aunt. And yet he said, "Dame Fortune always tries to take a fall from me, and poke me in the eyes! Ten million men like him upon this globe insurgent; they ought to sing a hymn, but always wail a dirge." —WALT MASON.

RECORD OF THE PAST

No Stronger Evidence Can Be Had in Newark.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement:

G. K. Buckel, 31 Granville St., Newark, says: "I had pains through my back and kidneys. My kidneys were irregular in action, too. Doan's Kidney Pills procured at Crayton & Co.'s Drug Store, gave me relief." (Statement given November 3rd, 1911.)

USES DOAN'S OCCASIONALLY. MORE THAN TWO YEARS LATER, Mr. Buckel said: "Whenever I have rheumatic pains in my back, I use Doan's Kidney Pills. They always fix me up in good shape. Others in my family have also been benefited by Doan's Kidney Pills."

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

WHEN CONSTIPATED OR BILIOUS GIVE "CALIFORNIA SYRUP OF FIGS."

Look at the tongue, mother! If coated, is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

IMPORTANT

ADVANCE ON ISONZO FRONT REPORTED BY THE ITALIAN HEADQUARTERS.

Austrians Made Desperate Resistance and Several Vigorous But Futile Counter Attacks.

(ASSOCIATED PRESS TELEGRAM)
Rome, Nov. 21.—(Via Paris, Nov. 22.)—Italian troops have made an important advance on the Isonzo front, especially on the heights northwest of Gorizia, according to an official statement issued today at the headquarters of the general staff. The ground gained was not gained, it is claimed, in spite of so vigorous Austrian counter attacks.

The text of the communication follows:

"Yesterday was marked by an important success for our arms along the Isonzo front, especially on the heights northwest of Gorizia. He began the action at night by making, with great bravery, numerous breaches in very extensive barbed wire entanglements, defending remarkably strong enemy retrenchments. At dawn our infantry adequately supported by artillery, attacked the village of Osilava, and the heights to the northeast and southwest of the country lying across the route from San Floriano to Gorizia."

"The enemy, after an extremely obstinate resistance, finally was driven back by the impetuosity of our attacks. He fled, leaving his trenches full of dead. We took 459 prisoners, many of whom were officers. Successive violent attacks by the Austrians advancing with shouts of 'Savoia' for the purpose of deceiving our troops all were repulsed with irresistible energy. On the heights of Podgora, and Calvario, south of Osilava, thanks to an admirable effort carried out under a formidable artillery fire, our troops took by main force two more lines of trenches and occupied almost the entire length of the summit."

"On the Carso plateau we continued our advance along the northern slopes of Monte San Michele and southwest of San Martino where we dislodged the enemy from trench after trench, making numerous prisoners."

"Enemy aeroplanes threw bombs yesterday on Schio, (15 miles northwest of Vicenza), wounding slightly eight soldiers. One of our air squadrons under highly unfavorable atmospheric conditions, caused by high wind renewed the raid on the enemy aviation camp at Assevizza, on which more than 100 hand grenades were dropped. Our aeroplanes returned undamaged."

In "Still Waters," a novel story of circus and rural life, by Edith Barnard Delano, the dainty Marguerite Clark renders one of the most effective characterizations of her entire motion picture career. Beginning as a quaint comedy with a very delightful romance, the story gradually develops into a thrilling drama, which reaches a tremendous climatic degree of power in the rescue of Nesta, the girl impersonated by Miss Clark, from a burly circus ring-master, who has trapped her in a deserted canal-boat, whither she has fled to escape his objectionable attentions. "Still Waters," with its beautiful rural vistas, the novel canal-boat atmosphere, the production of an entire itinerant circus, and its amusing comedy and unusual dramatic strength, enables Miss Clark to display in a measure hitherto unsuspected her versatile and bewitching powers.

Charlie Chaplin.
"A Night in the Show" introduces Chaplin via two characters. He is very much the ridiculous man-about-town, arrayed in near fitting dress suit, and human sized shoes, who goes to a vaudeville show and bothers everyone in the orchestra. Besides he witnesses the performance from the gallery attired as a bum, not as the usual Chaplin bum, but much more bummier than usual.

Although from time to time the bum and his ten cent associates (all very funny) hold the screen, the center of attraction is dapper Charlie down below who has loads of trouble stomachaching the awful acts going on the stage.

He takes to throwing pies at two singers while the bum upstairs throws ice cream cones. He becomes charitable and essays to lift a pious dancer who has fallen on the stage, when almost lifted she falls on him. And none of the members of the orchestra please Charlie and he gets into worlds of trouble with them.

Perhaps the most amusing thing in the entire two reels, if it is possible to discriminate at all, is the spectacle of Chaplin crawling over a row of people to get to his seat, crawling back again to change it, and back again to get it again.

It's uproarious, because it's a burlesque of something we all abhor and duly do.

"A Night in the Show" will be at the Grand next Wednesday and Thursday.

"September Morn."
That effervescent musical comedy from its tremendous Chicago success has been secured by Manager Harry English for matinee and night, Thursday, November 25. It has been called the successful fun show with tuneful jingles, due to so many catchy airs and popular dances. The cast includes such musical comedy stars as Nat Phillips, Maude Potter, Russell Price, Maude K. Williams, Dorothy Earle, Edgar Murray, Adrian Graff and several others.

Among the many popular airs that are being hummed and sung all over Chicago are: "When a Little Boy Loves a Little Girl," "In Berlin," "Oh, You September Morn," "I've a Girl in Every Town," "Everybody's Tired Crazy," "A Spare-rib From the Butcher Shop of Life," "Beautiful Dreams I'm Dreaming," "The Sun-Shade Girl," "Where is the Pleasure in Wine and Song if the Woman is Not There?" etc. Seat sale starts Tuesday at 10 a. m.

In Common Pleas.
In the case of Joseph Diebold vs. George Maybold, et al., a suit in participation, the sale was reported made. It was concerned and deed of distribution ordered.

Stella B. Shell, et al., vs. R. G. Enterline, et al., and six other similar cases; Leave was given to file amended cross-petition and to make new parties. The suits are brought for the partition of land located in Hebron, part of the Bounds estate.

Henry Russler et al., vs. C. B. Adams and F. Leo Adams. Motion heretofore made for a conditional order of revivor of a judgment. On Monday morning the conditional order of revivor as against F. Leo Adams was made absolute.

KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom. Articular rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism.

Some people have rheumatism every winter especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks until the blood is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble.

With the poison in the blood there is a continual combat between the health forces and the disease. When the rheumatic poison prevails the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled.

The free booklet "Building Up the Blood" tells the whole story and the book "What to Eat" will be sent on request by the Dr. Williams Medicine Co., 235 North 2nd St., N. Y. Your own druggist sells Dr. Williams' Pink Pills.
